A SHATTERING TRAFFIC SNARL

Some commuters in the Santa Ana area were probably a little late for work this morning when this flatbed truck, loaded with boxes, tilted on the Edinger Avenue on-ramp to the Newport Freeway. Traffic was halted for nearly four hours due to shattered glass and hundreds of broken boxes. There were no injuries in the 5:52 a.m. mishap. (AP Wirephoto)

Ray Is Held Using Alias In A Letter

Brother Identifies Writing

CHICAGO (AP) — The Chicago Daily News said today in a copyrighted story that a letter written by James Earl Ray to a brother removes any doubt that Ray and Ramon George Sneyd are the same person.

Sneyd was the name under which Ray was arrested in London in connection with the assassination of Dr. Martin Luther King Jr.

The Daily News said the letter was written to John Ray and was signed, "Lord R. G. Sneyd."

LOTS OF NAMES

John Ray said the handwriting was his brother's and he added, "I don't know where he got the name of Sneyd, but he had lots of names."

Asked about the title, "Lord," John Ray said, "That's probably his idea of a joke."

The Daily News published portions of the letter which in part read, "I could appeal my extradition hearing, but I am getting tired of listening to these liars so I might close it up about Tuesday."

There was no indication which *Tuesday the letter referred to.* John Ray said he interpreted the letter as evidence that his brother did not kill King who was shot to death on the balcony of a Memphis motel April 4.

TO SISTER

"If he really did it," John Ray said, "he wouldn't be thinking about signing those extradition papers, would he?"

The letter was mailed to a married sister who lives in a suburb of St. Louis, the Daily News said. It was not dated.

U.S. officials working on obtaining Ray's extradition have said they are convinced that Ray and Sneyd are the same person but the fact that the alias was used caused a point of legal confusion during the extradition hearings.

The letter also implied that Ray would have sufficient funds to finance his defense when he is returned to Memphis to stand trial.

The Daily News did not say where the Ray brothers were residing other than the reference to the sister living near St. Louis.

Ray is to appear in court tomorrow in London for a routine custody hearing while British lawyers prepare his appeal against an order extraditing him to the United States.

The court-appointed lawyers expect to file the appeal on Wednesday in Britain's High Court.

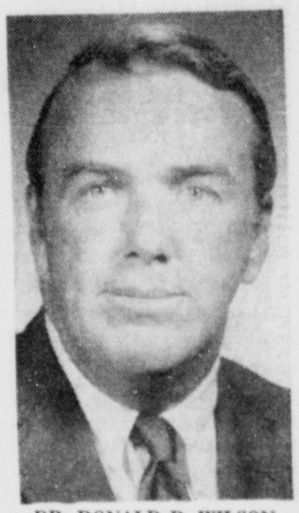
Director Is Named For Mental Health

The Marin Hospital District board announced today the selection of a director of the new Community Mental Health Center in Greenbrae.

The formal appointment of Dr. Donald P. Wilson, 43, director fo the Solano County Mental Health Service, will take place at the July 23 meeting of the board.

A three-page press release issued by George Croke, board president, said, "We are pleased to have a director of the Community Mental Health Center with the professional ability and fine qualifications possessed by Dr. Wilson."

The release said that Wilson, of Napa, was the first choice during a closed meeting of the board, Marin Supervisors Peter H. Behr and Ernest N. Kettenhofen and members of a selection committee Tuesday.



DR. DONALD P. WILSON
Formal approval due

Wilson was not present at that meeting and board members said they wanted to interview him before making the appointment. Board members met individually with Wilson Wednesday and informed Ray K. Bolinger, administrator of Marin General Hospital, that he was their choice, making it unnecessary to interview two other candidates.

Wilson was also recommended for the post, according to hospital publicist Jules Becker, by the Marin Mental Health Association, the Marin Mental Health Advisory Board and the Marin Psychiatric society.

He said the appointment of Wilson would be made effective Sept. 1 although Wilson will be spending time at the mental health center before then to work with staff in preparation for the opening of the $1.6 million facility this fall. Wilson's salary will be $27,000 per year.

The mental health center, a combined project of the County of Marin and the Marin Hospital District, is being constructed adjacent to Marin General Hospital. It will provide for private and Short-Doyle Act patients, and will offer in-patient, partial care, out-patient, emergency, consultation and education services.

Wilson, who has a wife and two children, is a native of *Tacoma,* and attended the University of Washington, University of Hawaii and Tulane University.

He received his M.D. from Tulane, and interned at St. Mary's Hospital, Saginaw, Mich., before becoming a resident in psychiatry at Langley Porter Neuropsychiatric Institute in San Francisco.

He is a diplomat of the American Board of Psychiatry and Neurology.

After a three-year residency at Langley Porter, from 1955 to 1958, he did research with

Moscow-N.Y. Flights Inaugurated

NEW YORK (AP) — An Ilyushin 62 jet passenger plane was scheduled to land at Kennedy International Airport this afternoon, marking the end of the first direct flight from Moscow to New York and the beginning of regular air service between the two world centers.

After more than seven years of negotiations, interrupted by such Cold War flareups as the building of the Berlin Wall, the United States and the Soviet Union reached agreement earlier this year on a weekly plane service.

Under the agreement, the government-owned Soviet Airline, Aeroflot—which calls itself the "world's biggest and busiest airline"—will fly from Moscow to New York, with a brief stopover in Montreal, on Monday's and will return on Wednesdays.

Pan American World Airways —which calls itself the "world's most experienced airline"—will schedule a flight from New York on Monday evenings and, flying via Copenhagen, will arrive in Moscow on Tuesday, Moscow time, returning the same day.

The four-engine IL 62, with a capacity of 20 first and 102 economy class passengers, had a crew of 11 for its inaugural flight. All spoke English. The five stewardesses wore dark blue uniforms. Aboard the maiden flight were 54 lesser-ranking Soviet officials.

The Pan Am Boeing 707-300 fan jet, scheduled to depart at 5:15 p.m. PDT today, has a capacity of 16 first and 127 economy class passengers. It will have a crew of 10.

The Moscow to New York flight via Aeroflot is scheduled to take 12 hours and 40 minutes, with the return trip estimated at 11 hours and 30 minutes; Pan Am will take 11 hours and 45 minutes to fly from Moscow to New York.

Marin City Residents To Elect 13-Man Council To Direct Area

Marin City residents will elect 13 members to the Marin City Council tomorrow in an attempt to establish a representative political voice for the community.

Council members will represent various segments of the community, with seven members elected from public housing units, two from the cooperative apartments, two from privately owned apartments and two from privately owned houses.

The apportionment of seats among the various areas was decided on the basis of population, according to Frank Phillips Sr., temporary council chairman.

Sixteen candidates are seeking election to the 13 council seats. Candidates are Ephraim Freeman Jr., Margaret Beauchamp, Helen Washington, Ronald Foster, Horace White, Frank Phillips Sr., Suzie Edwards, Edward Green and Terry Brooks, all for the seven public housing seats; Joseph Knighton, the only candidate for the two seats from the cooperative apartments; Mrs. Collie Gaines, Barbara Dougless and C. J. Williams, for the two private apartment seats, and Daniel Hayden Sr., Rev. Samuel Banks and Perry Howell for the three private homes seats.

Write-ins will be allowed and the polls will be open from 10 a.m. to 7 p.m. tomorrow at Hayden's Marin City Market, 290 Drake Avenue.

A decision on filling the vacant cooperative apartment seat will be made after the new council is seated, Daniel Hayden, temporary council member, said.

The Marin City Council will not resemble the governing council of an incorporated city although it will perform similar functions in certain areas, Phillips said.

It will not overlap the functions and duties of the Marin City Community Services District which has very limited powers, he added. The community services district is a taxing body which furnishes residents in five clearly defined services: police, fire, recreation, street lighting and barbage.

The council will take up where the community services district leaves off, Phillips says, representing the residents in decisions on future physical development and acting as a political lobbying force for the community. It will also work to

Red Pullback Reported Around Uneasy Saigon

SAIGON (AP) — U.S. sources said today that some enemy units believed poised for an attack on the capital have pulled back and "there is no immediate major threat to Saigon."

"The enemy has backed off," said one highly placed U.S. official. "They don't have the capability to attack except in a very small way. There isn't any forward movement at all.

"Some elements of the major units have physically pulled back. All of them didn't pull back. It is not a general withdrawal. But if you are going to mount a major attack you don't pull back anybody."

Although he said there was no immediate threat, the source qualified this by noting that the situation could change rapidly.

The new U.S. assessment contradicated South Vietnamese intelligence reports of a continuing enemy buildup along the Cambodian border and in Hau Nghia Province west of Saigon, where the North Vietnamese 9th Division has its headquarters.

Earlier today it was reported that the North Vietnamese 32nd and 33rd regiments had reached the Cambodian border after evading U.S. B52 bombers on a 250-mile march from the central highlands. The main thrust of an enemy attack on the capital is expected to come from the west.

Only hours before the report of the new American assessment the South Vietnamese government again ordered its security forces in Saigon on 100 per cent alert for possible attacks and increased terrorist activities.

There have been intelligence reports that elements of at least four enemy divisions are within striking distance of Saigon and that 1,000 Viet Cong commandos are already inside the city.

Only one terrorist incident was reported in the capital—the assassination of a Viet Cong defector by two women who escaped.

No Progress In Vietnam Peace Talks

PARIS (UPI)—The North Vietnamese today said there has been no progress in Vietnam talks with the United States and there is no sign of hope there will be any way out of the two-month-old deadlock.

"The fact is that up to this hour, the official talks have made no progress, they have not moved an inch and there is no glimmer of hope," Nguyen Thanh Le, North Vietnam delegation chief spokesman, told a news conference.

"American officials are advancing false arguments that moves are being made in Paris, that there are hopeful signs, that there are "straws in the wind' and what have you," Thanh Le said.

The North Vietnamese delegation previously has said there has been no movement toward the talks' goal of cooling down the war enough to permit a peace conference — but it has never put it so bluntly.

Johnson Urges Astronaut Pact

WASHINGTON (UPI) —President Johnson today asked the Senate to ratify a treaty on providing assistance to astronauts forced to land on foreign soil.

The President called the agreement "another step towards stable peace on this threatened earth."

The United States, the Soviet Union, and a number of other nations have signed the treaty but none have yet ratified it.

Panther's Murder Trial Under Way

OAKLAND (AP)—The murder trial of Black Panther Huey Newton, 26, started today after *11 postponements and last-ditch* attempts to delay the sensational case.

Outside the Alameda County Courthouse police-guarded entrances were jammed with Newton Sympathizers. Demonstrators toted posters, Leather-jacketed Panthers stood along the sides of the building.

Newton is charged with the killing of Patrolman John Frey, 23, last Oct. 28 during a gun battle in which another officer was wounded.

In the 62-seat courtroom, law enforcement officers kept a sharp eye on spectators to forestall any possible incidents. Only 21 members of news media were permitted in the small courtroom.

During two hours before the trial started, the California Supreme Court and U.S. District Court in San Francisco denied requests from Newton's lawyer, Charles R. Garry, for a writ of habeas corpus and a stay of the trial.

Shortly after 9 a.m. the high court denied without possibility of rehearing Garry's petition, based on a 1964 felony conviction of Newton's. Newton's lawyers want that conviction thrown out.

Shortly afterward, an associate of Garry's asked the same thing in federal court and was turned down. The trial started an hour later.

Garry claimed that Newton's old conviction of knife assault should be set aside because his client was not informed of his constitutional right not to testify.

The attorney said such an action would result in Newton being tried as a first offender and put a heavier burden of proof on the prosecution.

While all this was going on, supporters of Newton rallied outside the courthouse, where all but one entrance was closed.

Posters carried by the demonstrators included "Free Huey,"

LBJ Selects Banker As Canadian Envoy

WASHINGTON (UPI) —Harold F. Linder, 67, now president and chairman of the export-import bank, has been selected by President Johnson, to be new U.S. ambassador to Canada, the White House announced today.

The President also is nominating Raul H. Castro, now ambassador to El Salvador, to be new envoy to Bolivia, the White House said.

BREAKS A LEG

Viet Flyer Struck In A Freeway Dash

A decorated Navy flyer who returned from Vietnam only Tuesday, suffered a broken leg late yesterday when he tried to run across Highway 101 near Hamilton Air Force Base and was struck by an auto.

Lt. (jg) Harry M. Lane, 23, of 16 Estates Drive, Novato, was reported in good condition today at Lettermen Army Hospital in San Francisco after undergoing surgery to repair an open fracture of his left shinbone.

He was struck at about 10:40 p.m. yesterday by an auto driven by Edward W. Peterson, 34, of Petaluma. The accident occurred about three tenths of a mile north of the Pacheco Creek overpass.

Peterson told California Highway Patrol officers that he was driving in the center northbound lane when he saw Lane race into the freeway from the east side. Peterson said he swerved into the fast lane but Lane ran into that lane, then back to the center, then back into the fast lane before Peterson's car, skidding as the driver slammed on his brakes, struck him.

Highway patrolmen cited Lane for being on the freeway as a pedestrian.

The collision caused minor damage to the front of Peterson's car.

Lane returned from Vietnam after serving six months on the aircraft carrier Enterprise. He was a navigator-bombardier on an A6 Intruder and flew 85 bombing missions.

After spending leave time with his parents, retired Army Maj. and Mrs. Harry G. Lane of Novato, he was to return to duty next month at the naval air station at Oceana, Va. He holds the Navy Air Medal for valor.

Mrs. Lane reported that her son had called home last night shortly before the accident to inform his parents he had had a flat tire on the freeway. She had not been able to speak with her son today to discover why he was crossing the freeway on foot.

WORLD NEWS IN BRIEF

Strike Ends

OTTAWA (AP) — Ships moved through the St. Lawrence Seaway again today after a 24-hour strike that idled nearly 300 ships and cost an estimated $20 million in wages, seaway tolls and other losses.

Traffic resumed last night a few hours after some 1,200 striking members of the Canadian Brotherhood of Railway, Transport and General Workers voted 72 per cent in favor of an agreement providing a 19 per cent wage increase spread over three years and another 4 per cent in fringe benefits.

The increases will cost the seaway authority $2 million for the three years covered by the agreement.

JERUSALEM (UPI)—George Ball, U.S. ambassador to the United Nations, arrived last night for talks with Israeli leaders to help determine U.S. stand on the Middle East crisis.

Descent Record

GRENOBLE, France (UPI)—A French cave explorers club claimed a world record for vertical descent yesterday by going down 1,112 feet near the village of Villars-de-Lans. The previous record was established in Spain and was 1,075 feet.

Newark Fire Death

NEWARK, N.J. (AP(— Two blazes killed one fireman and routed hundreds of persons yesterday.

Fire Director John P. Caufield said both fires were "definitely suspicious."

One fire raced through half a dozen vacant tenements in Newark's predominantly Negro Central Ward, the scene exactly a year ago of rioting that took 26 lives.

The blaze began at 2:30 a.m. and sent hundreds of residents from threatened tenements across the street fleeing in night clothes and underwear.

The fire took the life of fireman Edward Dennis, a 41-year-old father of two. Authorities said he died af exhaustion.

Back In New York

NEW YORK (AP) — Bobby L. Rogers, 31, accused of killing three men on a Bronx street was brought back to New York from North Carolina yesterday.

"I'll see you later," Rogers called to relatives as he left the Alamance County jail, accompanied by two New York detectives and a representative of the Bronx district attorney's office. He faces arraignment on homicide charges today.

Rogers eluded a New York City police dragnet after the shoootings Thursday night and feld to North Carolina where, accompanied by his brother, Henry Rogers, 35, of Burlington, N.C., he surrendered to authorities.

Red Writer Dies

MOSCOW (AP) — Konstantin G. Pautovsky, one of the Soviet Union's leading writers and one of its most prominent defenders of liberal causes, died yesterday. He was 76 and had been in failing health for some time.

In recent years Paustovsky had been best known for his attacks on Stalinist controls of Soviet culture and his participation in protests against the imprisonment of writers. He had become something of a hero to many young intellectuals.

Despite his signing of protest petitions, Paustovsky was honored by the government last year with one of its highest awards, the Lenin Prize, in recognition of his "contribution to the development of Soviet literature." Tass, the official news agency, described him as "a brillian stylist and a man of great lyrical talent and culture.

Church Bombed

BOWLING GREEN, Ky. (AP) — A rural Negro church was destroyed yesterday by what officials described as a four-stick dynamite bomb.

There were no injuries in the blast at the small frame Mount Zion Baptist Church which is used about once a month. The blast was not reported until after noon, although officials said the explosion probably took place about 7 a.m.

Warren County Deputy Sheriff Charles Forshee and a state investigator were assigned to investigate the dynamiting, the sixth in the county in the past 18 months.

Forshee said yesterday that the dynamite apparently was stuffed into a beer can, put under the church, and ignited with a fuse.

Bomb Dismantled

NEW YORK (AP) — Police discovered and dismantled today a plastic explosive that had been tied to the door of the French government tourist office in Rockefeller Center.

Six foreign tourist and diplomatic offices in the city have been bombed since April 22.

A timing device was attached to the bomb, police said, but detectives did not know when it was set to explode.

The explosive, about six inches in diameter, weighed about one-half pound, detectives said, and was wrapped in a paper big tied to the doorknob. It was discovered shortly before 3 a.m. by a patrolman.

Bomb squad detectives dismantled the detonator in a half hour.

Gun Controls

MANILA (UPI) — President Ferdinand E. Marcos said yesterday he wants all firearms in the Philippines collected because they are the "biggest stumbling block" in his anti-crime campaign.

INCOME TAX INCREASE STARTS TODAY

WASHINGTON (UPI) — Americans started paying higher federal income taxes today.

President Johnson's long-sought 10 per cent surcharge — designed to raise $11.6 billion in additional revenue by next June 30 —went into effect today.

The tax is retroactive to Jan. 1 for corporations and to April 1 for individuals.

The increased withholding from paychecks of wage earners starting this week actually will not meet the obligations of many taxpayers.

Some firms were encouraging employees to increase their weekly withholding to avert an unexpected bill at tax settling time next April 15.

U.S., Russia Cultural Pact Is Renewed

WASHINGTON (AP) — The United States and the Soviet Union renewed today an exchange agreement in cultural and technical fields that had expired in December.

The White House said Ambassador Llewellyn Thompson was signing the agreement for the United States in Moscow.

There had been some speculation that the Soviets had dragged their feet on renewing the exchange program, launched in 1958, because of the Vietnam War. However, U.S. government sources noted that at the time of the last renewal, two years ago, there had been a similar lag.

The new agreement covers cultural, educational and scientific and other exchanges through 1969. There will be exchanges in the performing arts, exhibits, education, science, industry, agriculture, sports and other fields.

In recent months, some exchanges were arranged despite the absence of a formal agreement. For example, Moscow's Bolshoi Ballet toured the United States under an arrangement permitting a similar tour of the Soviet Union by another group.

Hanoi Scoffs At LBJ Aid Policy

TOKYO (AP) — North Vietnam today scoffed at President Johnson's billion dollar plan for the postwar development of Southeast Asia, calling it "Bait" to perpetuate the American presence in Saigon.

The Communist party newspaper Nhan Dan said the Communists would "build a life of plenty" for the North and South Vietnamese people after the United States is defeated.

"The Vietnamese people have clearly realized that the billion dollars promised by Johnson to the people in Southeast Asia is but a bait," the party newspaper said. "The stick-and-carrot policy of the United States is going bankrupt. The stick has been broken and the carrit is rotten."

Novatan's Auto, Key Stolen From Home

Paul A. Lester, 25, of 485 Olive Avenue, Novato, came home from work Thursday night and found his car had been stolen from his driveway, sheriff's deputies reported.

Lester told deputies an extra key to the car was missing from a bedroom dresser in his home.

Humphrey And Nixon Gain More Delegates

By ASSOCIATED PRESS

Vice President Hubert H. Humphrey and Richard M. Nixon have boosted their delegate leads for the Democratic and Republican presidential nominations despite weekend setbacks in Colorado and Utah.

Humphrey gained 21 new first ballot delegates votes for 698¾ of the 1,312 needed for the Democratic nomination, according to an Associated Press survey of firm votes.

Nixon was reported to have gained two but his total for firm votes remained at 501 of the 667 votes needed for the GOP nomination.

The AP tabulation of prospective first-ballot votes counts only delegates committed, pledged or publicly stating voting intentions.

Republican presidential aspirant Nelson A. Rockefeller, meanwhile, announced he'll conduct his own poll to indicate who the strongest GOP presidential candidate would be. And an apparent move to elevate Democratic Sen. George S. McGovern of South Dakota as a presidential contender appeared to die a quiet death.

Humphrey's setback came at the Colorado Democratic convention where a slate of 12 at-large delegates favoring him was shut out by a coalition backing Sen. Eugene J. McCarthy and the late Sen. Robert F. Kennedy.

The shutout came after McCarthy addressed the convention.

But Humphrey won 17 new votes at a Washington state Democratic convention and four in Colorado. McCarthy backers claimed nine and one-half of the Washington delegate votes and he won two of the Colorado votes.

Nixon's setback came in Utah where Republicans named eight delegates—the last of the GOP national convention delegates—with five going to California Gov. Ronald Reagan, two reportedly to Nixon and one undecided.

The Reagan victory came after he addressed the state convention. But although the five delegates ran on a Reagan slate the entire delegation is officially "uninstructed."

Rockefeller, announcing he will conduct the poll to show whether he or Nixon would be the strongest GOP candidate, said yesterday he was "very sorry" Republican leaders had turned down his proposal that the poll be conducted nationwide by the party to help guide the delegates' choice.

Republican National Chairman Ray Bliss and Nixon rejected the proposal last week.

Talk of the McGovern for president drive was fanned when former leaders of the Kennedy campaign from across the country met in Huron, S.D., Saturday before a caucus of the 26 South Dakota delegates Kennedy won in a primary hours before he was shot in Los Angeles.

A number of the Kennedy leaders at the memorial dinner for the slain candidate wore "McGovern for President" buttons but none gave more than lukewarm endorsement to a presidential drive by the South Dakotan.

At the caucus, the state's delegation voted to commit itself to McGovern as its favorite son.

But McGovern, who did not attend the dinner, issued a statement in Washington that his campaigning will be for re-election to the Senate, not for the presidential nomination.

Chrysler Auto Sales Held Company's Best

DETROIT (AP) — Chrysler Corp. reported today its sales and net earnings for the first six months of this year were higher than for any comparable period in the automaker's history.

The firm said sales in the second quarter, which totalled $2 billion, were up 26 per cent over the $1.6 billion registered in the same period of 1967.

It was the first of the auto companies to report on its opening six months business.

Net earnings were $84.5 million, or $1.82 per share after reflecting the recent increase in U. S. taxes applicable to the quarter and resulting from a retroactive 10 per cent surcharge.

This compares with $48.4 million, or $1.05 a share, in the second quarter of last year.

Chrysler said sales for the first six months were $3.7 billion, 29 per cent higher than the $2.9 billion reported for the same period a year earlier.

Net earnings for the six months totaled $148.8 million, or $3.20 a share, compared with $66.6 million, or $1.45 a share, for the same period of 1967.

Chrysler restated its net earnings for the first quarter of 1968 to reflect the retroactive 10 per cent income tax surcharge. Estimated net earnings were $1.38 a share, the company said, compared to the previously reported $1.49 a share.

ABC Claims Howard Hughes Stock Maneuver Is Illegal

NEW YORK (AP) —American Broadcasting Companies, Inc., charged in court today that Howard Hughes and an attorney "set out seriously to make an illegal tender offer to obtain control of ABC in violation of civil and criminal statutes of the United States."

ABC lawyer David Hartfield said the action by Hughes and California attorney Gregson Bautzer "had the effect of damaging plaintiff irreparably."

The charge came as ABC took its fight against Hughes' bid for control of the broadcasting company to the U.S. Circuit Court of Appeals here.

ABC was appealing a ruling last Saturday by Federal District Court Judge Dudley Bonsal, who denied an injunction against a tender offer for two million shares of ABC stock, which was to expire at 3 p.m. today.

ABC's lawyers filed an affidavit today claiming that Bonsal made "substantial error" when he declined last week to order Hughes and Bautzer to appear as witnesses.

ABC's original complaint seeking the injunction alleged that the tender offer would, if successful, transfer control before the Federal Communications Commission approved such a move.

The acquisition of control without prior approval of the FCC would be "unlawful under the Communications Act," ABC said.

Tiburon Youth Taken To Napa

A screaming 17-year-old boy, who threw himself through a plate glass window of a Tiburon home yesterday afternoon, was taken to Napa State Hospital, sheriff's deputies reported.

The youth, who also flung himself on the hood of his parents car and crashed into the windshield, was treated at Marin General Hospital for minor cuts before being transferred to Napa, deputies said.

Deputy John O. Goff of the sheriff's substation in Tiburon reported the youth had in his possession a corn cob pipe, a can containing green vegetation, a plastic bottle containing white powder and a jar with a small amount of what the officer thought might have been marijuana.

Shy Bandit Robs Alto Supermarket

A shy bandit, who may have been puffing on pot, robbed the owner of an Alto supermarket of an undetermined amount of cash as the store was opening for business this morning, Marin sheriff's deputies said.

Larry R. Bernauer, owner of the 7-11 Market at 650 Redwood Highway, told sheriff's officers he was arranging newspapers at the front of the store at 6:45 a.m. when a voice from the back room called out:

"Bring all the money out of the registers."

Bernauer scooped the cash, which he said probably totaled in the hundreds of dollars, into a paper bag and walked to the back of the store.

As he neared the door to the back room, the robber warned him to stop and not enter the room, he said.

Bernauer stood outside the room and handed the bag of cash around the corner, through the door, to the unseen bandit.

The store owner said he only saw an outline of the robber, but added that his voice was male, possible a youth's.

There was one peculiar thing about the bandit, he said: "I smelled a funny odor of sweet perfume. I thought it might be the incense these hippies burn."

Inspector Guido Battaglia of the sheriff's office said this morning the odor might also have been that of marijuana. Bernauer said he has never smelled the illegal weed.

The store owner said the amount of cash stolen will not be determined until this afternoon.

Span Hearing In Senate Today

Hearing on the bill which would revise membership of the Golden Gate Bridge and Highway District and make other changes in the bridge's administration, was to be held this afternoon in the Senate Local Government Committee, not the transportation committee as reported Saturday in the Independent-Journal.

The bill, sponsored by Assemblyman William T. Bagley, R-San Rafael, would add three members to the district board, one each from San Francisco, Marin and Sonoma Counties.

The additions would mean San Francisco would have eight members, not nine as reported Saturday; Marin and Sonoma would have three each, and Del Norte, Mendocino and Napa counties, one each.

Marin Planner Gives State Panel Bolinas Lagoon Study

A report on marine and lagoon studies under way at Bolinas Lagoon and Duxbury Reef was presented to a state advisory board Saturday by Albert Solnit, Marin County chief of advanced planning.

Solnit told the state Advisory Board on Underwater Parks and Marine Reserves that the tidepool ecology on the reef is threatened by too many collectors from the Bay Area. The area should be considered as a marine reserve area by the state, Solnit said.

He also gave the board a background packet of material on conservation groups in the lagoon area, proposed development of the lagoon, and the current silting problem.

The lagoon area is tentatively proposed as a marine reserve, but the board took no action on it Saturday.

Norman T. Gilroy, planning consultant to the Bolinas Harbor District, suggested areas the board might study such as the effect of industrial pollution on marine life.

Mrs. Thomas R. Maurice of Terra Linda, board vice-chairman, outlined legal steps the state should take to set up underwater parks and marine reserves. These would include extending park ranger authority to off-shore, state-federal agreements on the shoreline jurisdiction and agreements among state departments.

The board, which met in Carmel, recommended the state set aside and develop as soon as possible three coastal areas as underwater marine reserves. The areas are Salt Point in Sonoma County, an area off Waterfall Cove in Big Sur and the Scripps-La Jolla Canyon off San Diego.

The board was formed this year to advise the state Department of Parks and Recreation and to help set up a system of underwater parks and marine reserves.

A purse taken from the car was found later where it had been discarded alongside Paradise Drive, Tiburon, deputies said.

Are you the Two/One/Free type?

Would you like to know what your service charge will be from month-to-month?

Do you become a little nettled or confused when your service charge goes from $1.98 one month to $2.69 the next?

Do you frequently have service charges greater than $2.00?

Do you have a balance that seldom goes below $500?

If you answered yes to any of the above questions, you're the Two/One/Free Plan type. The Two/One/Free Plan is a brand new Bank of America checking account. It's probably the most economical account you can find if you write more than 18 checks a month and maintain a relatively low minimum balance. It's free if your balance is $500 or more. The most you'll ever pay is $2.00. And your service charges are simple and predictable. In fact, they're this simple:

Minimum Balance	Monthly Charge
0 to $299	$2.00
$300 to $499	$1.00
$500 or more	Free

Even if you're not the Two/One/Free Plan type, you can still be a Bank of America type. Because Bank of America has Personal Choice Checking—for different kinds of people. To find out exactly which of our Personal Choice accounts is the right kind for you, visit your nearest Bank of America Branch. And ask for a check-up.

People are different. So are Bank of America Personal Choice Checking Accounts.

Suspected Kidnapper Turns Himself In

Jerry Stanley Borst, charged with kidnapping and raping of a 28-year-old Novato housewife last Tuesday, this morning turned himself in to the city police of Albuquerque, N.M., according to Sgt. William M. Cann of the Novato police.

Borst, 22, of 7060 Redwood Highway, Novato, first telephoned Sgt. Perry J. Haley at the Novato Police Department last night from Vega, Tex., promising to surrender to the Federal Bureau of Investigation offices in Albuquerque this morning.

A second phone call this morning was taken by Sgt. Cann who asked that he give himself up to the Albuquerque authorities. Borst indicated that he would waive extradition, Cann reported.

"We expect to have him back in Marin County on Wednesday," Cann said.

The Novato housewife with her two sons, 5 years and 13 months, was kidnapped at knifepoint from the Novato Fair Shopping Center about 5 p.m. Tuesday. She was forced to drive to a lonely spot on Lucas Valley Road where she was raped. She and her oldest son were later tied up and her car taken. She freed herself and called the sheriff's office. Her car was later found on Machin Avenue in front of the Novato Community House.

Borst was traced through the use of a credit card at the B and B Richfield Service Station adjacent to the Novato Fair Shopping Center where he purchased a battery.

Judge Peter Allen Smith of Marin Municipal Court issued a warrant for Borst's arrest with bail set at $31,250. That set up a seven-state search for the Man.

About 60 of Newton's brother Panthers stood with their backs to the sides of the building. They wore leather jackets and cloth berets. Some carried walkie-talkie radios, but newsmen could not spot anything resembling a command post.

Panther leaders Bobby Seale and author Eldridge Cleaver also were present. They exchanged overhead clenched fists, a Panther salute.

The militant Negro organization has gained notoriety on several occasions because of members' belief they should not be barred from carrying weapons. A group of them once invaded the California Legislature with weapons.

Security on the Newton trial is as strict as local observers have ever seen it. Newsmen attending the trial are required to obtain passes, renewable every day, in order to get into the courtroom.

Too Many Words Exchanged, Says An Ad Executive

DALLAS (AP) — Communication experts are calling this the age of communication, but a Chicago advertising executive said at a meeting here it is the age of "communication pollution."

Edward H. Weiss, head of a major agency, said that in addition to the pollution of water and air by modern industrial techniques, "we are also suffering from the pollution of words."

"People communicate when they speak freely, deeply and meaningfully to each other," he said.

Weiss asserted that words are tools that can be used for three purposes: express thoughts, conceal thoughts and camouflage the fact that there are no thoughts at all.

He urges a communication revolution: write less, read less, answer less. He advocates the spoken word in person for interoffice communications.

develop the community physically, educationally, socially and culturally, he said.

The impetus for the council came as residents felt the need for addtional representation before the board of supervisors and the Marin County Housing Authority and Redevelopment Agency.

Marin City residents have been talking about forming a representative political council for several years. Following demise of the Marin City Tenants Council in 1962.

When the War on Poverty program was first organized in Marin City four years ago, some residents tried to organize a council through the framework of the poverty program. Friction developed and the idea was scrapped. Later there was some talk of establishing a council through the various churches in the community.

In early 1967, several residents started working on the current council plan, which calls for proportional representation. Approval of the various segments of the community was obtained and the temporary council was established this May.

In order to ensure the young people of Marin City a voice in the community's business, the temporary officers decided that anyone 18 or over, who has been a resident of Marin City for one year, was eligible to run for election to the council and may vote tomorrow.

The polling place in front of Hayden's Store will be opened from 10 a.m. to 7 p.m.

Eager to get started on the community's business, the council will hold its first meeting at 8 p.m. Thursday at the Manizanita Center.

Center Boulevard Hearing Slated

San Anselmo residents will get a chance to air their views on a proposal to make Center Boulevard a six-lane thoroughfare between the hub in San Anselmo and Fairfax at 8 p.m. tomorrow at Wade Thomas School in San Anselmo.

The San Anselmo Planning Commission endorsed the Center Boulevard proposal after reviewing several alternatives prepared by a San Francisco traffic consultant firm.

Madera Lived Up To Old Spanish Name

MADERA (UPI) — Nearly a century ago, when demand for lumber in the eastern United States greatly exceeded the supply, the San Joaquin Valley town of Madera rose to the challenge.

Between 1874 and 1932, Madera shipped out millions of logs, thus deserving its name, the Spanish word for "wood" or "timber." Today, Madera not only still furnishes lumber, but also has turned to agricultural products such as grain, fruit and cotton.

Denture Adhesive From Saliva?

PHOENIX, Ariz. — A new denture powder called Super-Dent converts mouth saliva into a super-holding denture adhesive. Although used like regular powders, when Super-Dent combines with mouth moisture it forms a new type adhesive. This adhesive literally defies gravity as it holds dentures in. Eating any food has almost no effect on its holding power, yet Super-Dent is safe and gentle to dentures and gums. Super-Dent powder is available at Longs Drug Stores.

Zucker Blames BART For Slump In Home Building

The slump in home building that has beset Marin was blamed today on the Bay Area Rapid Transit System by County Planning Director Paul C. Zucker.

In a progress report to county planning commissioners on what is being done to improve countywide planning, Zucker conceded his statement on the effect of BART was speculation, "but also a common sense judgment."

The slump may last a long time, he added, because many newcomers to the Bay Area will want to have the advantage of rapid transit if they work in San Francisco.

Zucker offered his speculation, he said, to illustrate the need for better planning tools so planning in Marin can go from the pencil to the computer stage. New tools will be both more effective and save money in the long run, he said

Basic planning date in Marin has been available only at "an unbelievably low level," Zucker declared, adding that the only source for street plans often is a gas company map for motorists.

All new planning tools are being keyed to the 1970 census, he said, which will be the first to be completely automated.

Future development of Marin will come in large increments like Marincello," said Zucker.

Future planning, commented Commissioner Walter F. Freitas, must make more of an effort to get the opinions of the "apathetic majority, not just of special interest groups."

ON A TRIP

Deer Beat The Humans To Patch Of Marijuana

Pop singer Bob Dylan's suggestion that "everybody must get stoned" is apparently being complied with by Marin County's deer population.

According to a report from the Marin County Drug Abuse Bureau today, some deer found a plot of 100 small marijuana plants in Samuel P. Taylor Park recently and forsook their usual diet of rhododendron plants to nibble at the illegal herb.

Ranger Donald R. Engler and attendant William Lintow found the private garden of marijuana seedlings — one to one and a half feet tall — in a secluded section of the park a month ago. According to News and Views — a publication of the state Department of Parks and Recreation.

They called the sheriff's office and agents of the drug abuse bureau were to stake out the plot in hopes of capturing the gardeners.

But Inspector Dennis Sawdon said today that when agents went to the garden, they found that some animals, presumably deer, had been at the psychedelicious plants.

"There were probably some stoned deer wandering around the woods," Sawdon said.

$300 Raised For Church Play Area

More than $300 was raised by the "Jazz and Kids" benefit program at St. Andrew Presbyterian Church last night, a church spokesman said.

Proceeds from the second annual program attended by more than 350 persons will be used to finance the construction of a play area for Marin City children at the church.

Cash Taken

Someone broke into the Grant Nelson Chevron station at 1549 South Novato Boulevard between 10 p.m. yesterday and 5:50 a.m. today and took approximately $100 in cash, Novato police reported.

Radio, TV Taken

Someone took a radio and television set valued at $265 and $150 in cash from his home at 1130 Simmon Lane, Novato, while they were gone between 7:30 and 11:30 p.m., Saturday, George G. La Salle, reported to Novato police.

Up to half a million persons crowd into St. Peter's colonnaded piazza on special occasions such as Easter.

Innocent Plea To Check Forgery

Jessie Thomas, 42, of Oakland, pleaded innocent in Marin Superior Court today to a felony charge of possessing a forged check with intent to defraud another.

Judge Harold J. Haley scheduled jury trial for the week of Nov. 4. Thomas is accused of having the $143 check in San Anselmo on Feb. 16 with intent to defraud Ronald E. Anderson of San Anselmo.

San Franciscan Is Booked For Speeding, Drug Probe

A 24-year-old San Francisco man was arrested for investigation of a variety of drug, weapons and traffic violations early today, San Rafael police said, after being stopped for driving 40 miles per hour on Francisco Boulevard.

Thomas E. Mitchell, a structural iron worker, was booked at County Jail on suspicion of possession of marijuana, dangerous drugs, narcotics paraphernalia, a hypodermic springe and needle, and a loaded weapon in a vehicle; carrying firearms in a vehicle without a license, not having a driver's license in his possession, and failure to exhibit evidence of his identification while operating a motor vehicle.

He was held in lneu of $1,250 bail and was to be arraigned in Marin Municipal Court this afternoon.

Officers stopped Mitchell near Third Street and Francisco Boulevard at 3:47 a.m., they reported.

In searching him, police said, they found a hypodermic syringe and needle in a plastic container and small plastic packets containing suspected methedrine and marijuana.

Found in the car, according to officers, were a loaded .22-caliber automatic pistol in the glove compartment and a hunting knife in a leather sheath on the floorboard.

Richard Trial Set July 28

The mansalughter trial of Floyd Richard, 29, of San Francisco, has been set for July 28, San Francisco court officials said today.

Richard's trial for the death Dec. 22 of Sp/4 Harry James Smiley of Novato will be held in Dept. 22 of San Francisco Superior Court before Judge Francis McCarty.

Richard has pleaded innocent to a charge of involuntary manslaughter which stems from Smiley's shooting when a policeman's gun reported fired during a struggle with Richard.

Youths Nabbed As Suspects In Theft Of Beads

Two 18-year-old San Rafael youths were arrested early yesterday on suspicion of taking 217 blue, pink and purple beads in burglarizing an unoccoupied model home.

Booked at County Jail for investigation of burglary were Jeffrey Craig Hennig, 1720 Grand Avenue, released on his own recognizance, and Robert W. Gilliam, who gave his address as the San Rafael Elks Club, held in lieu of $625 bail. Both were to be arraigned in Marin Municipal Court this afternoon.

San Rafael police said they arrested the pair emerging from a rear door of a home at 304 Knight Drive at 5 a.m. after responding to a silent alarm.

Officers said they found 63 purple and 76 pink beads in Gilliam's left front pocket and 78 blue beads in Henning's right front coat pocket, all of which, they said, had been taken from the bathroom in the home.

Entry to the house had been gained by forcing open a front window, police said.

Budget On Tap

The Corte Madera Sanitary District board will discuss the 1968-69 budget at a special session at 7:30 p.m. tomorrow in the district office.

Trio Caught In Taking Auto Parts

An 18-year-old boy and two 17-year-old companions were caught taking parts from a new automobile at Ted Schuman Chevrolet lot at Highway 101 and Lamont Avenue shortly after midnight yesterday, according to Novato police.

Novato patrolman Paul R. Robins reported the youths had three air filters and two carburetors in their possession.

Booked into Marin Connty Jail on suspicion of burglary was Donald William Melson, 1456 South Novato Boulevard, Novato. He was released on his own recognizance to appear at 1:30 p.m. Wednesday in Marin Municipal Court.

The two younger boys were cited to juvenile court, according to police.

Deputies Find Stolen Property

Two television sets, a stereo record player and a floor polisher, all believed to be stolen property, were recovered in Marin City last night by Marin County sheriff's deputies.

Deputies reported they discovered the property while checking a car parked in front of the Rosa Building, off Drake Avenue. Two teen-age boys found near the car are being questioned, deputies said.

Jewelry, Camera Taken From Home

Jewelry, a camera, a tape recorder and a radio were reported missing from the home of Salvatore Misuraca, 17 Cove Road, Belvedere at 7:30 p.m. Saturday.

The loss, discovered by Misuraca when he returned home in the early evening, was estimated at about $800, Belvedere police reported.

$1,500 Cash, Checks Haul Made At Store

Larkspur police are seeking two young men, described as Mexicans, who fled the Bon Air Hardware store Friday afternoon after stealing $800 cash and $700 in checks.

The owner of the store, Floyd Hilty of 33 Bayview Road, Larkspur, discovered he had been robbed about 5 p.m. while one man kept him occupied in the front of the store by talking to him.

Meanwhile, his friend went to a rear office and snatched a money bag which was in a desk drawer, police said.

An employee, Tracy Stevenson, surprised the man in the rear office and the two fled. Stevenson followed them into the parking lot where he said they drove off in a white 1959 Ford stationwagon.

Police are checking the registration of the car from the license number which Stevenson noted.

Both robbers were described as Mexicans about 25 years old, approximately five feet, nine inches tall with slender builds.

Meanwhile, Larkspur police were continuing a search for an armed bandit who held up a cashier at the Safeway store on Bon Air Road earlier Friday afternoon and escaped with over $1,000 in cash.

He is described as about five feet, six to eight inches tall, between 35 and 40 years old with dark hair. He was wearing a bright orange sweater, a black baseball cap with orange letters on it and had a couple of days' growth of beard, witnesses said.

A man's body, weighing about 150 pounds, has about 5½ quarts or 12 pounds of blood.

An application by A. W. Cherry for a use permit to serve beer and wine in a new French restaurant to be located in the site of the Old Pandora restaurant at 112 Spaulding Street will be considered by the San Anselmo Planning Commission at 8 p.m. today at city hall.

The commission will also review an application for a permit to serve food and beverages in a patio at the Pepperwood restaurant in the Red Hill Shopping Center.

Impala Sport Sedan

You can see why the popularity gap is growing.

We could tick off a lot of reasons why more people keep getting into Chevrolet than any other car.

You get styling a clean step ahead of any other car in Chevrolet's field. The greatest choice of engine-transmission teams, with V8's available up to 385 hp. A remarkably serene ride. And outstanding spaciousness (for instance, *Automotive News* rates Chevrolet's four-door sedan roomier than any other sedan in the U.S. except the leading luxury make). But the nub of it all is this:

Chevrolet just shows more partiality to people than other cars do. And people return the favor.

Like we say, putting you first keeps us first.

And especially now at your Chevrolet dealer's.

You get the biggest year-end savings just where you'd expect to.

A bargain on a car you don't want is no bargain.

See the kind your Chevrolet dealer's got.

You'll meet up with the car and the savings you can get enthused about. A Chevrolet or Chevelle, for instance, with V8, automatic transmission and whitewalls. Drive off with big year-end savings now on any new Chevrolet—a car you'll be proud to keep driving.

BASTILLE DAY FINALE

Sprays of fireworks fall in the sky around the Eiffel Tower in Paris last night to mark the close of Bastille Day, the annual July 14 observance in commemoration of the fall of the Bastille in 1789. Union Contracts On Supervisors' Agenda

Collective bargaining contracts with Local No. 535, representing the county's social workers and probation workers, will be before the Marin County Board of Supervisors when it opens its all-day meetings at 9 a.m. tomorrow in the Civic Center.

The contracts, the first drawn in the state between a public agency and its employees, bars strikes, provides a grievance procedure and raises pay an average of 3.5 per cent.

County Administrator Alan Bruce has recommended that the contracts' provision of three weeks of vacation after one year of employment be extended next fiscal year to all county employees at an annual cost of $41,000.

Supervisors again will consider complaints about cable antenna television service licensed by the county in unincorporated areas. The Federal Communications Commission does not intend to regulate CATV franchising, Deputy County Counsel Thomas G. Hendricks has reported to the supervisors, so the county is free to regulate it.

Also on the agenda is a report on the fire protection water supply in Point Reyes station, a discussion on property tax relief, and a report by supervisors Thomas T. Storer on the county's "summer of understanding."

Back Road Leads The Way To Cheaper Electric Power

By ROBERT L. GILMARTIN

FAYETTEVILLE, Ark. (UPI) —A bumpy dirt road that winds past hand-made rock walls and fords shallow streams in the Ozark foothills leads to the nuclear-electrical doorstep of the 21st Century.

The Southwest Experimental Fast Oxide Reactor (SEFOR), which will be used for experiments in producing more electricity, more cheaply with nuclear energy, is being built in one of the most backward areas of the nation, 20 miles southwest of Fayetteville.

The $27 million project is financed by General Electric and the Southwest Atomic Energy Associates (SAEA), which is 17 investor owned electric power companies. The Atomic Energy Commission and Karlsruhe Research Center of West Germany are cooperating with the research.

They say they hope to:

1. Develop lower cost nuclear fuel electricity.

2. Establish engineering safety criteria for large fast reactor power plants. They will seek the most economical means of meeting safety requirements.

"The most significant single reactor experiment in the western world" is the auspicious description given SEFOR by one scientist.

The Electric power companies hope to use the knowledge gained through SEFOR for the benefit of themselves and their customers. Arkansas Power and Light Company already has purchased a site and started groundwork on an electricity-generating reactor site.

Present day nuclear reactors use uranium as their major fuel and the heat generated from splitting the uranium atoms is used to heat water into steam. The steam then powers generators that produce electricity.

SEFOR will use a uranium-plutonium compound as fuel. Plutonium is a man-made fuel that emits more neutrons than does the usual uranium fuel. This ability is expected to produce 80 times the energy now available and still have enough fuel left over to feed other reactors.

The fast-acting uranium-plutonium reaction will produce much greater heats and the SEFOR reactor will need extra cooling.

Liquid sodium will be used in an experimental process to carry the heat out of the reactor.

Ironically, just a mile or two away—outside SEFOR's quiet, grassy valley —live some of the least privileged people in America. Many of the homes do not even have electricity. SEFOR may provide a way to change that.

Ducks' Home

SACRAMENTO (UPI) — California is the chief wintering area for waterfowl on the Pacific Flyway. The Department of Fish and Game estimates that about 8 to 10 million ducks and one million geese winter in the state annually. About 39 species of waterfowl migrate to California each year.

22-Year-Old Man Plunges To His Death

A 22-year-old Navy man, his name written in ink of both arms and legs along with the Mill Valley telephone number of his mother, leaped to his death from the Golden Gate Bridge shortly after noon yesterday.

The Coast Guard picked up the body of Collin Hutter at 12:58 p.m. There seemed to be no identification on him other than his last name stenciled on his undershirt, but further examination by Deputy San Francisco Coroner Ronald Kindred revealed the writing on the man's limbs.

Hutter's brother, John, 24, told California Highway Patrol officers that his brother was undergoing treatment at Veterans Hospital in Palo Alto and was supposed to be coming to Marin by bus to see their mother, Mrs. Howard J. Hutter of 1012 Erica Road, Mill Valley.

Two witnesses told bridge toll takers and the highway patrol that they saw a man leap from the span's east side.

Besides his mother and brother, Hutter is survived by his grandmother, Mrs. Harry A. Lee of San Francisco.

Funeral arrangements are pending in San Francisco.

Novato Youth Arrested In Ice Cream Theft

A 19-year-old Novato youth was arrested by Deputy Sheriff Harold W. Goerndt at 6:10 p.m., Saturday, at the Marin Country Club, after he allegedly took an ice cream bar from a vending machine, Novato police repored.

Booked into Marin County jail on suspicion of burglary with bail set at $1,250, was Michael Arch Johnson of 1304 Cambridge Street. He was scheduled to appear this afternoon in Marin Municipal Court.

Goerndt was working as a guard at the country club in his off hours when he made the arrest, according to Novato police.

Stephen A. Lyons of 1040 Calle Empinado, Novato, owner of the vending machine, said that Johnson was a former employee, police reported. Johnson had a master key to the machines which he gave to the police, they reported. Lyon said that he had missed small amounts of money from other machines recently, police reported.

Methedrine Selling Trial Is Scheduled

Jury trial for Eldon Carl Valasco, Patricia Jean Chidester and Robert Delzell, jointly accused of selling methedrine, was scheduled on the Marin Superior Court master calendar today for 10 a.m. Wednesday.

Trial will be before Judge Samuel W. Gardiner. Valasco, of Fairfax, and the other defendants, both of Larkspur, are accused of selling methedrine on Feb. 21 and again of Feb. 23.

Robbery trial by jury of Mary Louise Arceo, 21, was continued on the calendar today until 9:30 a.m. Aug. 26 for setting that week. Mrs. Arceo, of Fairfax, is accused of armed robbery by driving the getaway car for Claude (Frenchy) LeBas, 21, in the Dec. 11 holdup of Perry's Delicatessen in San Rafael.

Judge Joseph G. Wilson said the continuance is so the case can follow the related murder trial of the defendant's husband, John Arceo, and Dennis C. Novoty, both accused of killing Wesley L. Marshall, 68-year-old San Rafael gun collector, on Dec. 6.

Entry of a plea by Arceo is pending outcome of a motion to dismiss the charge on grounds that the grand jury transcript fails to show he aided and abetted in the crime. Scheduling of trial for Novotny was for later today before Judge Harold J. Haley.

LeBas has pleaded guilty to murder and is serving a life sentence in State Prison.

Gnoss Makes It Official Musser Is His Assistant

County Clerk George H. Gnoss confirmed today that he has appointed John F. Musser Jr., Marin's assistant county clerk for elections since December 1966, to the position of assistant county clerk.

The appointment, effective today according to Gnoss, was first reported by the Independent-Journal last Monday.

Gnoss said the appointment to the $1,153-a-month post is subject to confirmation by the board of supervisors at their meeting tomorrow.

Musser has been acting assistant county clerk since May 1, replacing Mrs. Agnes Nathanson. She took two months of accumulated sick leave and vacation and retired July 1.

Musser's present monthly salary is $1,008. By Jan. 1, his new position will pay $1,220.

Musser, 54, has been in the county clerk's office since 1958. He served as a deputy county clerk until 1962, when he was promoted to supervisor of elections. Later, he was made assistant county clerk for elections.

The new county budget eliminates that job, replacing it with the new position of administrative aide.

No Stinson Quorum

House Approves Fish Ban Limit

WASHINGTON (UPI) — The House gave final approval today to a bill aimed at barring Japanese fish-processing vessels from within 12 miles of U.S. shores.

The legislation, sponsored by Sen. Warren G. Magnuson, D-Wash., and Rep. Thomas M. Pelly, R-Wash., would make it unlawful for a foreign vessel inside the 12-mile fishery zone to support a foreign fishing fleet.

It would be illegal to transfer fish, tackle, personnel or fuel within the fishery zone created under a 1966 law.

Impose Heavier Penalty On Multiple Violator

Rights of individuals should be protected, and doubts as to the guilt of a defendant should be resolved in favor of the defendant.

This is in line with the accepted American concept that the presumption of a man's innocence should prevail, unless his guilt can be proved beyond a reasonable doubt.

However, in the effort to protect the rights of defendants, our laws and the courts' interpretations of the laws sometimes reach questionable lengths.

ONE SUCH example is the State Supreme Court's ruling last week that a man who commits several offenses at one time may be punished for only one violation.

A Sacramento man, arrested for drunken driving and for driving with a suspended license, pleaded guilty to both and was sentenced to the Sacramento County Jail. The court ordered him to be resentenced on one charge, not on both.

The State Supreme Court's 4 to 3 decision was based on a provision in the state law that no one may be punished twice for the same criminal act. Chief Justice Roger J. Traynor said the law on double punishment is designed to protect defendants from excessively harsh treatment.

WE AGREE that no one should be punished twice for the same criminal act. However, in the case of a driver with a suspended license who drives under the influence of intoxicants, we submit that two different criminal acts are involved, and that both acts should be penalized.

We concur with the dissenting opinion written by Justice Stanley Mosk, who declared: "One may drive while intoxicated and properly licensed; one may drive while sober and lacking a license. Each act may be prescribed and punished." In our view, those two violations are unrelated although committed at the same time.

As Justice Mosk pointed out, the majority ruling would have this undesirable effect: A person who commits two crimes at once will be punished no more severely than one who commits only one.

In the case of a shooting, where the charge can be manslaughter or murder, we agree that the penalty should be on one charge. The question hinges on whether the one single act constitutes the lesser or the more severe crime.

IN THE CASE of the suspended driver, his license had been suspended, presumably because he was a menace — a reckless driver or a speeder, perhaps. The moment he got behind the wheel, he was violating the law. Then, when he got himself intoxicated and drove, he was violating two laws and presumably doubly dangerous.

It seems grossly unfair to slap the same penalty on this deliberate flouter of the law as on a legally licensed driver who is arrested for having a couple of nips too many.

5,000 Deer And Dry Summer

A game warden estimates that there are 5,000 deer between Fairfax and Sausalito. A number of these live on Mount Tamalpais. But during the dry season, when food gets scarce, the deer desert their mountain fastness to forage in the suburban towns which nestle in the foothills of Tamalpais.

These deer are both a joy and a bane. They are sleek, alert, handsome creatures — stately of bearing, with large, sensitive ears. Even those who are victims of their garden depredations, admit, albeit reluctantly, that deer are very graceful.

However, this seems like a banner year for the "down-with-deer" crowd. With this very dry summer forcing more deer to look to gardens for subsistence, more recruits will doubtless swell the ranks.

California's 20-Year-Plan For More Beaches And Camp Sites

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — In the rush and hurry of closing up a legislative session, not too much attention has been paid to the comprehensive plan for development of more recreational facilities for California.

Probably this is because there is no immediate issue at hand, so the proposed spending of a billion, 300 million dollars in the next 20 years warrants but little attention as related to the immediate problems of the state, such as another bond issue for higher education, and more than a fist full of special appropriation bills currently before the Legislature.

Nevertheless, the development of recreational areas is one of the prime functions of the state, and it can't be accomplished without money, and lots of money at that.

WILLIAM PENN Mott, Jr., director of the department of parks and recreation, whose efforts projected a 20-year plan of recreational needs and costs for the next two decades, recognizes this fact, and has presented them to the public for its consideration.

Mott says the comprehensive plan will be a "living document," one which will be revised as time passes, according to the needs of the people for recreational facilities. These needs, it is expected, will increase with the increasing population of California, projected as nearly double the twenty million people in the state now by the time the plan is worked out.

GETTING DOWN to specifics, the plan starts out with a five-year recommendation for spending $59 million for facilities development to meet the growing recreation demands.

It suggests a $200 million bond act to start financing, with 60 per cent of the money earmarked for development and the rest for acquisition of more land.

The acquisitions, he says, would be aimed at swimming beach land, especially in Southern California, where the needs are greater. Also, the development of a system of underwater parks and marine reserves is suggested, with the state lands commission to be asked to grant jurisdiction of some areas to the department of parks and recreation.

Primary responsibility for providing neighborhood, community and regional day use facilities should rest with local government, while the state should acquire and operate swimming beaches and other unique and extraordinary facilities of state significance within an hour driving zone of urban venters. The plan recommends transfer of some 22 park units to local park and recreation agencies.

DEVELOPMENT OF presently available camping areas has not been neglected in the projected improvements. Mott's department proposes early construction of more than 5,000 additional campsites, giving high priority to state parks near metropolitan areas.

He also suggests that all existing parks within two hours of major metropolitan areas should be completely developed within the next 20 years.

There is much more to the report, such as development of trails for motorized vehicles, youth hostels, and development of winter use areas at parks within the snow belt.

Obviously, much will have to be done before such an intensive development gets under way, but at least, a good start has been effected over the past years.

Anti-Crime Bill Rebukes High Court

Despite anguished screams of the ultra liberal, President Johnson reluctantly signed the Anti-Crime bill into law. The law makes available grants of federal funds to improve the equipment and the operational development of new technique within local and state police forces. Persons convicted of partaking in or inciting a riot would be barred from federal employment for a period of five years. Perhaps most important of all is the provision to overturn the Supreme Court's insane restriction on the voluntary confession and eyewitness identification in criminal trials.

The circumstances which led to Congressional enactment of this law was of course the frightening series of judicial blunders committed by the Warren Supreme Court that caused this peril. Cities near anarchy with streets more dangerous than reptile crawling jungles is the best possible argument against allowing men in their seventies and eighties to serve as the supreme law of the land. Congress ought to have long ago imposed a 70 year age limit on Supreme Court Judges.

The anti crime bill went further than its written provisions. It was a rebuke to the public-be-damned spirit of the Supreme Court. They deserve no less.

Youth Incensed At 'Lazy' Fence-Leaners

On July 9, three men arrived to paint a sign pole in front of our house. I wouldn't have minded this, except one man painted and the other two leaned against our fence and watched.

Even though I am only 14, I think the City of Mill Valley could find a better way to spend the taxpayers' money than have their employees lean against our fence like a bunch of lazy slobs.

Criminals Exempt From Registering

Since the firearm controversy is still red hot, perhaps the following facts will be of value to the electorate.

The U.S. Supreme Court in the case of U.S. vs. Haynes, did not rule that firearms registration is unconstitutional. The Court said that any person who has an illegal firearm cannot be required to register it on the grounds of self-incrimination.

In view of the Supreme Court decision, Chicago enacted a firearm registration law which was amended to exempt persons prohibited from owning a gun from having to register it. The effect is that every law abiding citizen must register his firearms. Those exempt from registering their firearms are recently convicted felons, narcotic addicts, recent mental patients and certain other catagories who are prohibited by both the ordinance and State Law from possessing guns.

If caught with a gun, they can be fined or imprisoned for possessing it but not for having an unregistered gun. Only persons with a clean record can be prosecuted for having an unregistered gun.

Since the U.S. Supreme Court represents the highest authority of law, I would assume that Marin County's firearm registration law would be subject to the above limitations.

It was my opinion that the intent of firearm registration was to insure that the criminal would be controlled so that crimes would decrease. Where is the wisdom in registering firearms of the law abiding and exempting the criminal from registering his?

Let's consider the following information before we support a law of such dubious value. Recently a Marin County woman was threatedned with a butcher knife, kidnaped and raped. Do we now consider registration of all kitchen knives? Two young Chicago girls were stamped to death. Do we now consider registration of boots and shoes?

If we are going to enact restrictive firearms laws let's penalize the criminal with stiff mandatory prison terms not the law abiding citizen.

Missile Base Plan Is 'Fraud, Delusion'

The news that Angel Island is being considered for use as an anti-ballistic missile (ABM) base should rouse a storm of protest. Not only is the entire plan a fraud and a delusion, but to add the despoliation of "the Jewel of the Bay" is monstrous.

The government contends that a modest ($5 billion!?) defense is aimed at protecting us from the Chinese — but this unproved system is only the "foot in the door" for a 100 billion boondoggle to "protect" against Russian missiles. "What city would be willing to be without one." Since military experts all acknowledge that any system can be penetrated, what will result is a massive arms race escalation which will leave us less secure than before. And without the money or the means to treat our domestic problems.

The project is insane.

Criminals Get Guns From China, Russia

President John F. Kennedy was killed by Communist assassin Lee Harvey Oswald.

Sen. Robert F. Kennedy was killed by Sirhan Sirhan, who wrote in his diary: 'Communism is good. Any brand of Communism is good — Russian, Chinese, or Nasser. Long live Nasser." It is reported that Sirhan was associated with the Communist W. E. B. duBois Club and the pro-Viet Cong Students for a Democratic Society.

Many liberals and a large part of the press have long been claiming that there is no internal threat from Communism. The acts of Oswald and Sirhan have made these claims sound ridiculous.

The fact that both assassins used guns certainly helped the Communists by giving propaganda fuel to the drive to disarm America, for the Communists know that Americans must be disarmed before they can place us under the Communist dictatorship they hope will someday control us.

The best way to cut down the number of these terrible assassinations is to register Communists, and to demand that criminals, revolutionaries, and Communists be prosecuted, jailed, and put out of commission. Gun legislation will not deny guns (or grenades, machine guns, etc.) to these criminals, as they easily get these weapons from Cuba, China, and Russia.

TRY AND STOP ME

By BENNETT CERF

FOR DADDY'S birthday, his 7-year-old son was determined to shine his shoes. And he did, returning them to Daddy gleaming black. "Thank you, son. A fine job," approved Daddy— then whispered to his wife, "Well, there goes my only pair of brown shoes!"

The management of the famous Plaza Hotel in New York has learned that you can't kid around with Cary Grant. The popular film star always stays at the Plaza when he's in Manhattan, and invariably orders English muffins with his breakfast. For a long time he said nothing when only three slices of muffin came up with room service, but finally went all the way up to the manager of the hotel chain to demand, "Why are 'English muffins' in the plural in your menus when you only serve three slices? You should list them as 'a muffin and a half'." The manager explained that efficiency experts had discovered that nine out of ten patrons left the fourth slice of muffin untouched on their plate.

From that day on, Cary Grant got his fourth slice every morning. The first eight days, he left the fourth slice in the tray exactly as the efficiency experts had predicted.

Canny Texan Has Ace In Hole If Senate Blocks Appointments

WASHINGTON — While the Senate may succeed in blocking confirmation of his appointments to the Supreme Court before the adjournment deadline, President Johnson is still a canny Texas gambler with an ace in the hole. He is letting it be known on Capitol Hill that if a filibuster blocks confirmation of Abe Fortas as chief justice and Homer Thornberry as associate justice, he will call Congress back in special session after the political conventions.

That would be an excruciating embarrassment for the Republican bloc led by Sen. Robert P. Griffin of Michigan vowing to stop the nominations. Senators up for re-election would be dragged out of the campaign at the crucial starting line in September.

There is a precedent for recalling Congress which should chill Republican hearts. In the summer of 1948 after he had been renominated to run for a full term, President Harry Truman called Congress back into session with a demand that the Republican majority pass a whole series of measures previously turned down. Truman got the headlines with the charge that Congress had let the people down. With Congress balking a second time this was the springboard for his fall campaign when he confounded the pollsters and the pundits by defeating Thomas E. Dewey.

ALTHOUGH LYNDON Johnson has bowed out, he would surely not like to turn the reins of power over to a Republican administration and particularly if the Republican President were Richard Nixon. Besides asking for confirmation of his Supreme Court appointments the President could call for passage of measures such as the gun-licensing bill that Congress is about to turn down. This would give Johnson a dominant role.

Senate Majority Leader Mike Mansfield appraises the chances of confirmation before the Aug. 3 deadline at 50-50. He does not underrate the obstructive power of the opposition.

No one questions that a sizable majority would approve Fortas and Thornberry if their names come up for a vote. But Griffin promises a filibuster which in the last-minute jam with Republicans departing for the Miami Beach convention could kill the nominations. Of the 19 Republicans Griffin signed up to demand that vacancies on the court be filled not by a lame-duck President but by his successor two are likely to be dropouts. Sen. Thruston Morton, closely allied with Gov. Nelson Rockefeller who has defended the President's right to fill the vacancies, will take his name off and Hawaii's Sen. Hiram L. Fong is said to be considering a similar move.

Griffin claims, however, that he has four or five adherents whose names are not on the list. Moreover, if and when the filibuster gets going he will have the support of Southern Democrats who traditionally oppose any move to shut off debate by a two-thirds vote. As always these allies will have the noble motive of preserving the right of untrammeled discussion. But they will welcome the opportunity to embarrass a President seeking to preserve the liberal trend on the court.

Calm and collected as always, Chief Justice Earl Warren is prepared to serve indefinitely if the Senate does not act on the Johnson nominations. Although he gave age as the reason for retiring, his health at 77 is excellent and his faculties appear unimpaired.

ADVANCE AGE is no barrier to service on the Supreme Court. Warren can cite the example of Justice Oliver Wendell Holmes, who retired in 1832 at 90 after 29 years on the bench. Justice Hugo L. Black has shown no sign of retiring at the age of 82.

No vacancy will exist until the President accepts Warren's retirement. In the unlikely event that the Fortas-Thornberry nominations are blocked and Johnson faces the prospect in January of riding down Pennsylvania Avenue to see a Republican inaugurated as President, he can simply return the Warren letter asking for retirement as a piece of unfinished business.

Unlikely, it must be added, because many of Griffin's Republican colleagues, including Minority Leader Everett McKinley Dirksen, believe that whatever the merits of his opposition to a lame-duck appointment it is a losing game politically. Fortas would be the first Jewish Chief Justice as Thurgood Marshall was the first Negro on the court, and this rates high with minority groups.

Europe Grand Tour Can Help McCarthy Image

By ROBERT S. ALLEN And JOHN A. GOLDSMITH

WASHINGTON — Sen. Eugene J. McCarthy's controversial mission to the Paris peace talks may be converted into a continental "grand tour" featuring red-carpet visits to other European capitals.

Such a tour, now under consideration by the McCarthy staff, would put a gloss of international glamor on the senator's campaign for the Democratic Presidential nomination. It would also provide some protective coloration for his widely criticized plan for talks with North Vietnamese negotiators.

That plan has been under fire since McCarthy first mentioned it while campaigning last month. His position was not helped when Xuan Thuy, Hanoi's chief negotiator at the talks, quickly said his delegation would, in principle, be glad to meet with McCarthy.

Thuy's response fostered suspicions that the North Vietnamese would like to cast McCarthy, presidential candidate and Senate critic of the Vietnam war, in their carefully managed propaganda charades. Some of the Senator's aides opposed the trip, and it is still described officially as "not firm" in his campaign plans.

THE PROPOSAL for a short but wider-ranging European trip is designed to make McCarthy look more like a concerned senator-candidate seeking first-hand information on foreign problems, and less like a politician meddling in the nation's most sensitive foreign affairs.

As one stop on a tour which also included London, Rome and Berlin, a visit to Paris would take on a different appearance. Discussions with peace talk participants would provoke less criticism if they were sandwiched between sessions with British officials and an audience with the Pope.

So goes the rationale for the more-than-Paris plan. Under the plan the Paris stop-over would also include talks with French officials, hopefully including Gen. Charles de Gaulle himself.

COLLEAGUES CONCERNED —Senators frequently travel abroad. When they do, many lawmakers make it a point to talk with foreign diplomats and with officials of host nations. Despite these precedents, many senators have been privately critical of McCrathy's plans for talking with North Vietnamese spokesmen.

One influential senator who has been privately critical is Senate Democratic Leader Mike Mansfield. Mansfield has traveled extensively abroad. Like McCarthy, he is a member of the Senate Foreign Relations Committee and has been critical of the administration's policies in Vietnam.

Mansfield has described McCarthy's proposed Paris visit as "inadvisable."

He feels a McCarthy meeting with North Vietnamese negotiators would only serve to magnify the split in U. S. opinion over the Vietnam war.

Slim Susan Gets Fired Because Too Thin For Cooking Teacher

Ever since Elizabeth R. Blodgett joined the ranks of the unemployed because she tipped the scales a little too heavily, it has been a long, hot summer for teachers who don't project the correct image.

Miss Blodgett, you will recall, was released from the staff at Redwood High School because the authorities felt she was too plump to be a physical education teacher.

Now from the underground comes word that a teacher known as Slim Susan has been fired because she was too skinny to be a cooking teacher.

Reports are that Slim was called into district headquarters and told to fatten up or ship out. Eavesdroppers reported the events unfolded as follows:

PRINCIPAL — Miss Susan, I've had my eye on you for six months, and you haven't gained a pound.

SLIM — I've tried everything, chocolate malts, pies, eight meals a day, pancakes, everything . . . I guess I'm just naturally skinny.

PRINCIPAL — We just can't have a cooking teacher that looks like a walking ad for CARE packages. It isn't good for the school's image.

SLIM — I don't think a cooking teacher has to be fat to be a good teacher.

PRINCIPAL — I didn't say that, but I think she should look like she has a passing acquaintance with nutrition. I am going to recommend that your contract not be renewed.

Miss Susan decided to fight for her job, and thin people throughout the area rallied to her cause. Her students, some of them on the hefty side, testified that she had taught them the joy of eating.

Posters were waved . . . "We Don't Need Fat in the Kitchen . . . Lard Isn't Needed for Good Cooking . . . You Can't Judge a Meal By the Weight of the Cook."

Miss Susan whipped up a batch of Brownies and a chocolate cake for press and television reporters to show that she hadn't lost her touch.

Her attorney cited all the great cooks of history who were on the skinny side and asked pointedly: "Who here knows how much Betty Crocker weighs? Sara Lee? Peg Bracken?"

There was a long hearing during which Miss Susan admitted that she had been 105 pounds when hired, but had dropped to 98 during the school year.

Miss Susan puffed her cheeks and wore tent dresses to make her appear heavier, but the hearing officer ruled her out on the grounds that she couldn't make the weight.

The district board was about to cut her off at the pocketbook, when one astute member came up with the solution.

"Why not trade her for a fat gym teacher?" he said. "Then the fat one can teach cooking and she can teach gym."

That, folks, is the way that images are preserved.

ART BUCHWALD

French Revolt More Confused Than Berkeley And Columbia

PARIS — The students in France may be revolting against their parents and the system, but in one respect they're really chips off the old blocks. When it comes to politics the sons are as fragmented as their French fathers ever were.

This is how it was explained to me by a French student who was selling one of the dozens of underground newspapers that have sprung up since the events of last spring.

"The Movement of the 22nd of March started the ball rolling in Nanterre under the leadership of Daniel Cohn-Bendit. It was a true domocratic movement in that it was in opposition to every structure, including itself. Because of this, it was able to unite various Trotskyite groups, the anarchists, the Che Guevarists and the pro-Mao revolutionaries into taking action. The action consisted of getting the masses to take to the streets. Once the masses were in the streets, the government would be forced to take counteraction, which would give the students a chance to take further action, which would make the government counteract again. You're following me?"

"I think so."

"BUT ONCE the action had been taken the students started to disagree on the goals of the revolution. For example, the Federation of Student Revolutionaries, which had broken off from the Union of Communist Students because it considered the Communist Party a traitor to the cause of communism, came out for a 'permanent revolution.' They were not concerned with student reforms, but wanted to united with the workers in a class struggle. They thought the barricades were an exercise in futility.

"This infuriated the Young Communist Revolutionaries, who also are opposed to the French Communist Party, but helped at the barricades in spite of the fact they didn't think France was in a prerevolutionary situation, which would give them a chance to bring down the government. Their hero is Che Guevara because he started a revolutionary struggle even though the time was unfavorable. Are you still following me?"

"I'm at the barricades."

"PLEASE DO NOT be confused between the Young Communist Revolutionaries and the Union of Young Communists, Marxist and Leninist, who are pro-Maoist and still defend Stalin. The Union of Young Communists did not man the barricades, but instead contacted the workers in hope of overthrowing the pro-Soviet French Communist Party. They were in fact more interested in destroying the present French Communist Party than in destroying the French government. The Union of Young Communists overplayed their hand at the Renault factory when they told the workers 'to take the flame of revolution from the student's fragile hands and carry it in their strong work-hardened fists.' This was no way to talk to workers, and they were thrown out of the factory."

"I think I'm losing you," I said.

"THEN THERE was the Union of National Students which was composed of students from different political complexions who united under its red banner. The Union of National Students took over the leadership of the anarchists and left-wing movements and provided the manpower for the revolution, while the Trotskyites, Stalinists and Maoists fought amongst themselves."

"Things were simpler at Columbia University," I had to admit.

"I haven't told you about the right-wing student group called the Occident. They're the Fascists who attacked the Union of National Students which caused the fight which gave the police an excuse to occupy the Sorbonne."

"Things were even simpler at Berkeley. By the way, what ever happened to Daniel Cohn-Bendit, the fellow who started it all?"

"I don't know. Someone said he's in Switzerland going to summer school."

Kennedy Aide Takes A Bride

MCLEAN, Va. (AP) — Peter Edelman, 30, a top adviser to the late Sen. Robert F. Kennedy, and Marion Wright, 29, a close friend of Dr. Martin Luther King Jr., the slain civil rights leader, were married yesterday in a simple ceremony here.

The marriage was performed by Rev. William Sloane Coffin, 44, chaplain of Yale University who was found guilty last month with Dr. Benjamin Spock and others of conspiring to counsel evasion of the draft.

Some 200 friends and relatives of the couple witnessed the ceremony here at the home of Adam Walinsky, another member of the Kennedy advisory team.

Gangs Turn In Guns In Promise Of Youth Center

GLASGOW, Scotland (AP) — Four Glasgow gangs of young toughs turned over their weapons to police during the weekend after pop singer Frankie Vaughn promised to help them build a youth center and prevailed on them to give up their arsenals.

Representatives of the rival Pak, Drummy, Rebels and Tot gangs dumped more than 100 axes, hammers, bayonets and spiked clubs into a parking lot in Glasgow's Easterhouse district. Under the agreement, police arrested no one.

The city's chief constable, Sir James Robertson, called the amnesty a success and praised Vaughan for his part. But James Anderson, head of the city government's police committee called it "a complete circus."

"I have never believed you can negotiate with violence," he said.

San Rafael Youngster's Balloon Flies 129 Miles

Balloons set free by approximately 100 San Rafael youngsters June 28 have traveled as far as 129 miles, the city's parks and recreation department reports.

The balloons loosed by youngsters at "Operation Blast Off," a kickoff of the summer recreation program held at Albert Park, had return postcards attached to them.

The youngster whose balloon is reported by the Aug. 8 deadline to have traveled the greatest distrance is to receive a prize.

Three balloons which have traveled the greatest distrance reported so far, the 129 miles to Merced, Merced County, belong to Jeff Mallett, 29 Cottonwood Drive; Valerie Wells, 139 Picnic Avenue, and Don Ramage, 842 Las Pavadas Avenue. A balloon traveled 97 miles last year.

This photo was taken last year, before the surviving partner of the heavily insured victims, and two other men, were charged with conspiracy in the case and a warrant was issued for Lindblad.

TV, Radios Taken In Series Of Marin Thefts

A $120 table model television, a $70 transistor radio and jewelry were taken in a burglary at a Mill Valley woman's home, sheriff's deputies reported.

Patricia Murphy, 10 Milland Drive, discovered the burglary when she returned home from work Thursday night. She told deputies it had occurred between 10:45 a.m. and 9:20 p.m.

Jewelry taken included a gold cross and chain, a gold ring and a pearl ring. Deputies said the front door lock was forced.

Also, Alfred R. Butt, 354 Hibicus Way, Terra Linda, reported a burglary in which a $17 transistor radio, eight half dollars and a Japanese luger-style pistol in a steel holster were taken from his home.

He said the burglary occurred June 15 to 22 while he and his wife were on vacation but his daughter was occupying the home. He said entry may have been gained by unlocking a rear screen door.

Canyon Blaze Threatens Homes

SAN DIEGO (AP)—A canyon brush fire threatened about 12 homes in east San Diego before 50 firemen brought the blaze under control.

The fire burned for about two hours yesterday, blackening one mile of the canyon near Trailing Drive.

Cause of the fire was not determined.

Weekend Brush Fires Checked

LOS ANGELES (AP)—Three weekend brush fires in Los Angeles County were under control yesterday, firemen said.

A 10-acre fire broke out Saturday in Griffith Park near the zoo but no damage was reported. Another burned off 1,100 acres near Banning and a fire on the outskirts of Glendora swept over 600 acres before being controlled.

U.C. Women Charge Robberies, Assaults

BERKELEY (AP) — University of California police are trying to halt what a group of women employees say is a wave of sexual assaults and robberies on the Berkeley campus.

Officers of the 400-member local 1695 of the American Federation of State, County and Municipal Employees said yesterday the university is withholding information on such crimes and is not doing enough to prevent them.

More than 300 of the union members are women.

A group headed by Maxine Wolpinsky, vice president of the local, claims that "in the past few weeks" there have been at least eight rapes which the university has tried to hush up "to protect its image."

A university spokesman said last night that eight rapes have occurred since Jan. 1 and that five are thought to have been committed since April by the same man.

Across the United States, about 100 new towns are either under construction or firmly projected.

Motorist Reports Beating, Robbery

A 38-year-old San Francisco man reported to sheriff's deputies that he was beaten in a strongarm robbery at the Waldo Grade underpass near Marin City when he stopped to pick up a hitchhiker Saturday night.

Conrad Harry Morris of 1880 Church Street told deputies the hitchhiker got into the car, pulled away the car keys and asked for his money. Then three other men, in their early 20's came forward and he was beaten and his credit cards taken, he reported.

The suspects fled on foot when a passing motorist came to the victim's aid, deputies reported. The robbery occurred at 7:50 p.m.

Killer Whale's Calf Born Dead In Marine World Tank

REDWOOD CITY (AP)—A 20 foot, four ton killer whale gave birth to a seven foot, 200 pound calf yesterday at ABC Marine World here, but it was stillborn.

Efforts of the mother and veterinarians to elicit signs of life in the baby mammal failed.

Bradford G. Baruh, vice president and general manager, said marine experts around the country—contacted for advice while the birth was in progress — believe it may have been the first such delivery in captivity.

A continuous watch is being kept on the mother, nicknamed Bonnie, who appears to be in good condition.

Bonnie and another female whale, a bit larger in size, were caught in the ocean June 9 and transported to separate tanks at Marine World, which officially opens Thursday.

Handlers thought one might be pregnant, but it was not until 4:45 p.m. yesterday that Bonnie herself confirmed the diagnosis.

The calf was born at 6 p.m. and, as happens with sea mammals, it dropped to the bottom of the tank.

But there was no movement, no sign of life.

The mother whale failed in its instinctive attempt to nudge the calf up to the surface to get air.

Asks Permanent Mindszenty Home

WASHINGTON (AP) — Sen. Vance Hartke, D-Ind., says Josef Cardinal Mindszenty, the Hungarian Roman Catholic prelate who has been in refuge in the U.S. embassy in Budapest since 1956, should be offered a permanent home in the United States.

"For humanitarian reasons alone," Hartke said in an interview. "Cardinal Mindszenty should be invited to this country so he can live in the freedom for which he has been fighting for more than 25 years but which he has been unable to enjoy."

The senator, who returned recently from a trip to London, said he had taken some action in government circles toward extending the invitation to Mindszenty, who is 76 and reported in ill health. He declined to give details.

Insurance Executive Hails Bills Passed By Legislature

SAN FRANCISCO (BW) — An American Insurance Association spokesman has said that insurance supported legislation passed by the California Legislature and awaiting signature by Gov. Ronald Reagan "is the first step in a cooperative program between insurance and government to make sure that basic property insurance is available to all Californians, no matter where they live."

W. V. Slevin, Pacific Coast manager of the association, explained last weekend that the new law enables insurance companies to work together to guarantee basic property insurance for all insurable dwellings in the state, regardless of environmental conditions beyond the dwelling owner's control.

The legislation was submitted by Assemblyman Bob Moretti, D-North Hollywood, and co-authored by 46 others.

"The next step," Slevin said, "will be to seek to broaden this new law so that it will also guarantee an available basic property insurance market for all commercial ventures in urban areas of the state.

"This will have to wait until companion federal legislation, already passed by Congress clears the joint conference committee and is signed by President Johnson."

Slevin explained that all segments of the insurance industry have been actively supporting the federal legislation that, when supplemented by legislation in each state, will accomplish two principal purposes:

1. Make basic property insurance easily available for dwelling and business owners no matter where the dwelling or business is located.

2. Relieve the insurance companies from total responsibility for paying for catastrophic losses resulting from civil disorders.

This new procedure, he said, would provide that insurance companies could buy reinsurance from the federal government.

Such reinsurance would come into play on civil disorder losses only after the companies had paid the first wave of such losses.

If such losses became staggering, state and federal funds would be required for payment, but these funds could eventually be recovered from future reinsurance premiums paid by insurance companies.

This approach was endorsed by the president's advisory panel on insurance in riot-affected areas.

Slevin said that the California Legislation affecting dwelling insurance was immediately necessary, even before federal legislation passed, because of a restriction of the property insurance market in the brush fire areas of Southern California.

Industry leaders will be working with the state Insurance Department immediately to set the machinery in motion to implement the law, Slevin said.

Basic property insurance included in the new law means fire insurance and extended coverage insurance, plus vandalism and malicious mischief coverage.

Quality Stocks Are Not Too Expensive

By ROGER E. SPEAR

Q. Now that American Hospital Supply has split, do you think there is enough steam left in it to carry it to 100 in two years? Are the new split shares of Eastman Kodak and IBM too expensive for an ordinary investor to buy? --J.B.

A. I continue to think that American Hospital Supply is a strong growth situation. No one, though, can say where the shares will be trading two years hence or what the market as a whole may then be doing. American Hospital sales and earnings are expected to continue their uptrend, powered by steadily increasing demand for more hospital and nursing home failities. Demand is created by population growth, health insurance programs and Medicare.

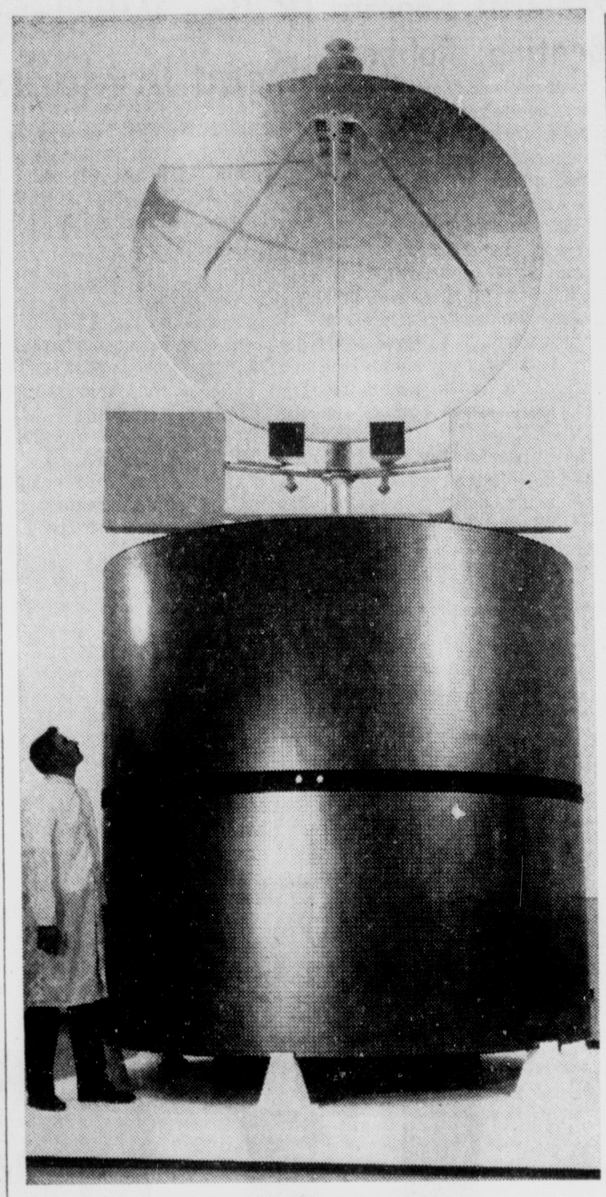
Eastman Kodak and IBM, like American Hospital, lead their respective industries and continued growth — from research and aggressive marketing of quality products — is predicted for each. Based on 1968 earnings estimates, Eastman carries the lowest multiple (33x) contrasted with 50x for American Hospital.

Because I continually urge readers to buy quality and not price, I do not consider these newly split shares out of range for the ordinary investor who's looking for future growth. Stock splits and increased dividends, recently announced by Eastman and American Hospital, indicate the companies' confidence in their own future outlook.

Q. I notice a new issue coming out at 15, home furnishings, called Levitz Furniture. What's your comment? —S.I.

A. Levitz might well prove to be a speculative winner. Attractive homes are important to Americans, and Levitz' sales record is impressive.

Privately operated since 1936, the company was incorporated in 1965, and since that date the annual rise in reported sales and earnings has averaged 45 and 35 per cent respectively. At the offering price of 15, the multiple derived from 1968 share earnings of 98 cents is a modest 15x. When this column appears in your paper, the issue will probably have come out and may then be trading at a premium.



BIG TALK BEAMER

This new giant communications satellite has been porposed to the Communications Satellite Corp. by Hughes Aircraft Co. as the Intelstat IV generation of satellites to meet the global communications explosion expected during the 1970s. It could carry 6,000 two-way telephone calls or 12 color television programs across oceans. Antenna system at the top would transmit two "spotlight" beams to concentrate power on areas of heaviest communications traffic.

Blue Chips Hold Up In Weak Market

NEW YORK (AP)—The stock market closed with losses outnumbering gains today although blue-chip strength stiffened the average.

A number of the conglomerate issues and other glamor stocks were weak while blue chips did well, outperforming the over-all market.

The market was higher in early trading but backed away and was a bit lower by mid-day. Losses outnumbered gains by around 100 issues in late dealings.

Maremont dropped a couple of points following news that the Federal Trade Commission has challenged more than 40 acquisitions made by the company since 1953.

Other conglomerates reacted sympathetically with Maremont. At the same time, blue chips and glamor stocks in various sections of the list softened as the market showed no disposition to rally.

Standard Oil (New Jersey) erased an early gain and traded about unchanged as it paced the list on volume.

Also very active, Walter Kidde and Whittaker lost 3 or more & Gulf & Western and Hooker Chemical 2, Occidental Petroleum and Sperry Rand a point or so.

UMC Industries, Great Western Financial and A. J. Industries were active gainers of a point or more.

Crucible Steel, up about a point and IBM, ahead about 4, responded to sharply higher earnings. Xerox dropped 5. Increased competition in the copying field was reported.

Owens-Illinois advanced a couple of points while American Smelting and Homestake dropped 2 or more.

Other losers of a point or so included Phelps Dodge, American Broadcasting, Control Data and High Voltage Engineering.

Prices advanced on the American Stock Exchange.

San Franciscan Decries Loss Of Major Convention

SAN FRANCISCO (BW) — The fall Joint Computer Conference which has been held biennially in San Francisco since 1960 has canceled its 1970 and 1972 convention dates here, the San Francisco Convention Visitors Bureau has announced.

The bureau sees this cancellation as the beginning of a downtrend in local convention bookings unless the city moves fast to upgrade its meeting and exhibit facilities.

"The decision to hold the 1970 and 1972 joint computer conferences elsewhere was prompted by the prospect of inadequate exhibit facilities in San Francisco," bureau president Richard L. Swig reported.

"By 1970 the date processing group's exhibit space requirements will be in excess of 200,000 square feet. Brooks Hall, which they have been using, has approximately 100,000 square feet of display space," Swig said.

The sponsors' decision to bypass San Francisco in '70 and '72 represents a loss to the city of more than $2 million, the bureau estimated.

Swig warned that San Francisco has procrastinated "dangerously long" in breaking ground for the projected Yerba Buena sports areas and convention center, which would provide the city with an additional 350,000 square feet of exhibit space plus 50,000 square feet of auxiliary meeting space.

The Great NFL Labor War Ends With 'Sport's Greatest Contract'

NEW YORK (UPI)—National Football League players, armed with the sport's "greatest contract" and the assurance that most will have a job this winter, begin discarding their business suits for sweatshirts today in preparing for the 1968 season.

The drawn-out labor war between players and owners, which already had closed down training camps to veterans, came to a peaceful end yesterday when the two groups reached agreement on a $3 million pension plan. This was the final stumbling block among the 21 points that had come up in negotiations during the last few months.

Until Arthur Modell, president of the NFL, and John Gordy, president of the players association, appeared side-by-side in a New York hotel yesterday, following a final four hours and 23 minutes of discussion, there were veiled threats that the entire season would be called off or that rookie players and free agents would fulfill the schedule.

But with the settlement, which Gordy termed "the finest contract ever reached in professional football," at least five camps—those of Atlanta, San Francisco, New Orleans, Detroit and Green Bay—were scheduled to open today. All teams will be in serious training by next Sunday.

Under terms of the agreement, a 10-year man in the National League will receive a $1,600 monthly pension at the age of 65, and the plan is retroactive to 1959. This means that a player who started his NFL career in 1959 already has nine years to his credit.

Previously, a 10-year man was eligible for only $775 a month at the age of 65. An AFL player in a similar situation will get $1,100, according to Gordy, and that plan is not retroactive before 1968.

Details also were made available yesterday of two other prominent issues that were settled earlier—pre-season money and minimum wages.

Each player will receive $10 per diem during the training season. A second-year player will receive an additional $70 per exhibition game, a third-year player an additional $140, a fourth-year player $210 and a fifth-year or more $380. This means a player with five years or more experience will draw $350 a week during the exhibition season.

"This is the best exhibition pay setup in sports, period," Gordy said.

The minimum salary, which had been $5,000, was raised to $12,000 for a second-year man and $13,000 for a third-year man. These figures, for a fringe player, can include his exhibition salary if he is unable to negotiate a better deal for himself.

Gordy, an offensive guard for the Detroit Lions, said that while he took great pride in the terms of the settlement, he felt it also of prime importance "that in a world of unrest and violence, we as professional athletes can settle our differences across a bargaining table as gentlemen."

Modell, who also is president of the Cleveland Browns, said in his announcement that club owners will contribute a total of $3 million during the next two years for pension benefits, administrative costs and the cost of a joint study to be conducted in anticipation of a merger of National and American Football League pension plans by 1970.

Look Out, It's Free-Swinging Stockton In Milwaukee Golf

MILWAUKEE, Wis. (AP) — Dave Stockton can thank an unknown woman spectator and Donald O'Burn of Milwaukee for some unplanned help in his four-stroke victory over Sam Snead in the Greater Milwaukee Open Golf Tournament yesterday.

The 26-year-old fifth-year pro from California hit the unidentified woman with his tee shot on the par-3,240-yard third hole and plunked O'Burn in the head with a booming drive on the par 5,550-yard 16th. Both times he salvaged pars.

"The women was okay, but her arm swelled up to twice its size," said Stockton, who pocketed a $40,000 first-place check.

Ron Cerrudo of San Rafel finished in a three-way tie for fifth at 282, with Charles Coody and Bruce Crampton, collecting his fattest paycheck on the pro tour in his first season, a hefty $7,300 return.

"My drive on 16 hit the man right on the head," Stockton said. "It must have knocked him cold because the ball came right back at me 40 yards. The doctor said he would be okay."

SPARKED BIRDIES

Right after Stockton hit the woman, he birdied four straight holes to go 14 under par for the tournament and make the nine-hole turn in four-under-par 32.

He came home in 37, with three bogeys and two birds thrown in, to wind up with a 13-under-par total of 275, his best effort this year.

Stockton, who skipped last week's Buick Open to be with his wife, Cathy, who is expecting the couple's first child later this month, won the Cleveland Open two weeks ago.

"As soon as I started making birdies, I knew I could win," Stockton said. "Every time I stroked the ball, it felt absolutely super."

He one-putted six of the first seven holes and needed only 28 putts.

Snead, who had a record seven-under-par 65 in the second round, started the day six strokes behind Stockton. But the 56-year-old Slammer from White Sulphur Springs, Calif., birdied four holes on the front nine to make the turn at 32, four under par.

He birdied No. 10 and parred the last eight holes to finish nine under par with a 72-hole total of 279.

"I knew Snead was in the clubhouse nine under par, but after I birdied the 15th to go 13 under, I knew I'd win it if I didn't have a coronary," said Stockton.

Snead said his best chance to catch up came on the 16th hole, the par 5, 550-yarder, when his second shot landed on the upper lip of a sand trap.

"If the ball cleared the trap I would have had a chance for an eagle," said Snead.

He blasted out of the trap and twoputted from 10 feet for a par.

Ramsay Is Coach For Real

PHILADELPHIA (AP) — Jack Ramsay is the new coach of the Philadelphia 76ers. Don't ask him to raise an eyebrow. He knew it a month ago.

"76ers Owner Irv Kosloff asked me to consider it last month when it seemed unlikely we'd come up wits somebody," the former college coach said yesterday after the National Basketball Association team handed him a one-year contract.

Ramsay, 43, will serve in the dual capacity of coach and general manager. His coaching contract runs concurrently with the third year of his GM pact.

Ramsay's appointment confirmed an exclusive Associated Press story 11 days ago that star center Wilt Chamberlain would be traded and the general manager named to succeed Alex Hannum as coach.

Hannum, only coach to lead the 76ers to an NBA title, resigned at the end of the 1968-68 season to go with Oakland of the American Basketball Association.

The 76ers withheld announcement of Ramsay's appointment to give maximum news converage to the Chamberlain trade, but they were expected to give Ramsay the royal treatment at a news conference today.

WHEN, NOT WHO

The official announcement of Ramsay's appointment ends days of suspense. The mystery was not who would be named—but when.

When Hannum first left months ago, it touched off a flurry of speculation. At first, Chamberlain was supposed to be the player-coach. Then Chamberlain wanted a say in the choice of the coach.

When the 7-foot-1 center was dealt to Los Angeles for three players, it cleared the way for a quick coaching appointment. Ramsay was Kosloff's choice for the immediate future.

"I have asked Jack to assume the coaching duties on a year-to-year basis," said Kosloff in his announcement. "I don't want a man to handle both jobs (Coach and general manager).

"In order to fill the administrative gap created by Jack's attention to coaching duties, we are in the business of hiring a business manager."

COACHING YEARS

Ramsay brings 11 years of coaching experience at St. Joseph's, Pa., college to his new position. His teams posted a 234-72 record for a .764 percentage over the years and played in 10 postseason tournaments.

Will Chamberlain be missed?

"We're going to have different personnel," said Ramsay, "and we'll play a different kind of game, compatible with the skills and players that we have. It's a good, over-all team with speed and depth."

Ramsay said thet eam would have a "stronger, pressing stype of defense" and run more than it did with Chamberlain. Cat-quick guard Archie Clark, acquired in the Chamberlain deal, will help spearhead the fastbreak on offense, Ramsay said.

Luke Jackson, one of the starting forwards, will play center along with Darrall Imhoff, another new 76ers via the Chamberlain deal. But Jackson's sometime absence at forward could weaken that department. Jerry Chambers, the third player acquired in the trade, is a forward, but has only a year's experience.

Aaron Has Perfect Setting For Milestone 500th Homer

ATLANTA (AP) — Henry Aaron wanted his 500th home run to come in the proper setting and under ideal circumstances. He wanted it to mean something.

The setting and circumstances were there in the third inning yesterday and a quick flick of the Atlanta slugger's powerful wrists lifted the ball 400 feet to the left-center scoreboard and Aaron to eighth place on the all-time home run list.

It meant something—besides three runs, a 4-2 victory for the Braves over San Francisco and his 19th of the season.

"It equals the thrill of hitting the home run that won the 1957 pennant in Milwaukee," Aaron said.

"I'm glad I hit it off a pitcher like Mike McCormick. He won the Cy Young award last year, and I'm glad it came off a good pitcher," he said. "I remember touching each base right in the center. I knew it was gone when I hit it. I've been trying to hit that home run for the last few days when I would come to bat for the last time in the game." He had missed by mere feet several times.

He also wanted the homer in Atlanta Stadium and in a Braves victory.

"I'm glad the home run came in a victory. I wanted it to mean something," the 34-year-old right-hander said. "I also wanted to hit it in front of the Atlanta fans who have been so good to me and the Braves. I got a tremendous thrill from the standing ovation and from all my teammates who greeted me at home plate." A season-high crowd of 34,283 fans saw the historic swat.

He also wanted the baseball he hit. "In Milwaukee in 1957, I hit the ball in the stands and several people came to me with that ball," he said. The 500th home run dropped behind the outfield fence in front of the high stands and was retrieved quickly by a groundskeeper.

Aaron also was greeted at home plate by Braves board chairman William C. Bartholomay who gave him a trophy in recognition of the home run.

The magic 500 mark for sluggers had been passed only by the legendary Babe Ruth, whose 714 homers still stands as a titanic mark; Willie Mays; Jimmie Foxx; Mickey Mantle; Ted Williams; Eddie Mathews, and Mel Ott.

Only Mays, Mantle, Mathews, and now Aaron, still are active 500-homer hitters.

And, Aaron still expects to have two or three good years with experts predicting he will reach the 600 mark. He has never hit less than 26 since his rookie season in 1954 and has hit as many as 45 in a single season.

The 500th game 14 years after he cracked his first major league homer off Vic Raschi of the St. Louis Cardinals on April 23, 1954, during his seventh game in the majors.

The first 398 were hit for the Milwaukee Braves with the last 102 coming after the Braves moved to Atlanta in 1966.

Aaron's favorite pitcher for home runs has been Don Drysdale, the Los Angeles hurler enjoying his best season. Drysdale has yielded 17 homers to Aaron.

It was his eighth homer off McCormick. "I don't feel any differently that I would if the home run had been hit by some other guy," McCormick said.

Novato Legion Wins Three

Stingy pitching and powerful hitting carried the high-flying Novato Junior American Legion baseball team to three victories over the weekend in Northern California League competition.

After the dust had settled, Russ Dillon won his second game of the season, Steve McNally his fourth and Mike Timmel his fifth. Meanwhile, Dave Edson fattened his batting average by slamming seven hits in eleven at-bats.

Saturday Dillon beat Vallejo Post 550, 9-2, with relief help from Timmel. Edson went two-for-four in that game, Tom Thomas had a home run and single. Timmel doubled home three runs and Barry Berringer had a double for Novato.

In the first game of a doubleheader at Vacaville yesterday McNally beat Vacaville on a three-hitter, 14-0. Gary Trono had a triple, two singles and one run-batted-in; Edson had three RBI's with two singles; Thomas had a single, double and two RBI's and McNally had two singles.

Adams Cup Semi-Final Is Tight

In a hotly-contested yacht racing series that was in doubt until the closing seconds of the final race, San Francisco Yacht Club's entry, skippered by Martha McDougle, won the Adams Cup semi-finals yesterday.

Close on her heels was Mrs. Marilyn Siewert of Tiburon at the helm for the St. Francis Yacht Club crew. The last race yesterday found Captain Martha winning with an 11-second lead which took the race and the series.

Martha and her crewmates, Mrs. Mildred Bishop, Ann Elder and alternate Mrs. Betsy Leth, will carry the Belvedere club's burgee to the finals at Bays Head, N.J., Aug. 26-29.

The four-race round robin series was sailed Saturday and yesterday off Southhampton Shoals. Two Southern California teams finished in third and fourth spots.

Miss DcDougle went on to win three races after withdrawing from Saturday's opener when she hit a mark.

Series points: SFYC, 12¾; St. Francis, 12¼; Newport Harbor Y. C. 7; Seal Beach Y. C. 5.

Finley Doesn't Enjoy Boston Win Over A's

OAKLAND (AP) — Owner Charles Finley of the Oakland Athletics didn't enjoy yesterday's game with the Boston Red Sox. He never likes to see his team lose, and the Red Sox beat the A's 5-3.

What was particularly hard for Finley to take was the winning run. It was driven in by Ken Harrelson, the outfielder whom Finley gave away after a dispute last season.

Harrelson, who is hitting almost .400 against the A's this season, hit a sacrifice fly to score Dalton Jones with the winning run in the eighth inning.

He came to the plate with runners on second and third after Carl Yastrzemski had doubled to drive in a pair of runs and tie the game 3-3.

"I didn't think they would pitch to me," Harrelson said. "With first base open, I thought I would get a walk.

NO STRIKEOUT

"The Oakland manager must have been hoping I would strike out."

Harrelson hit a long fly to centerfield and Jones scored easily after the catch.

"Considering how well I hit against Oakland, I'm surprised they gave me the chance," Harrelson said.

Yastrzemski said he went to the plate to swing at the first good pitch he saw.

Relief pitcher Paul Lindblad threw one outside and Yaz lined it off Lindblad's knee and into left field to score two runs.

"I really don't know if I hit well against Lindblad. I don't remember, so that means he probably gets me out," Yastrzemski said.

Lopez Is Back And Chisox Sweep To Chagrin Of Unhappy Senators

By ASSOCIATED PRESS

Al Lopez is back in business—and so is the American League pennant race.

Of course, one has nothing to do with the other—Senor Lopez and his Chicago White Sox are 18 games removed from first place—but they're both nice to have around.

Manager Jim Lemmon of Washington had a hunch what was coming when he said to Lopez before yesterday's action, "I just lost three straight to the new manager in Baltimore; what are you going to do to me?"

The answer was a double-header sweep—7-2 and 6-5 in 10 innings—as the White Sox celebrated the return of Lopez as manager.

Elsewhere, Detroit lost to California 7-3 and saw its league lead sliced to 7½ games as second-place Baltimore beat the New York Yankees 6-4. Cleveland topped Minnesota 6-3 and the surging Boston Red Sox rallied to knock off Oakland 5-3.

"That was a nice way to break in," said Lopez, who resigned following the 1965 season after nine years as White Sox manager. He came out of retirement when Eddie Stanky stepped down Friday. "Those guys made some great plays and we got some pretty good hitting."

Chicago won the opener on Jack Fisher's three-hit pitching and the slugging of Tommy Davis, who batted in two runs with a first-inning double and two more with a triple in the second. Frank Howard whacked his 26th homer for the Senators.

A three-run rally tied the score in the seventh inning of the nightcap and the Sox won it on 10th-inning singles by Gerry McNertney, Wayne Causey and Luis Aparicio.

A week ago, Detroit was threatening to make a joke of the pennant race. But the Tigers have lost three of four since the All-Star break while Baltimore has won four in a row under new skipper Earl Weaver.

California didn't wait to make the Tigers start growling yesterthe Tigers start growling Sunday. Leadoff better Vic Davalillo homered off Earl Wilson and Rick Reichardt cracked a two-run homer before the first inning was over.

A double by Davalillo and Don Mincher's single produced another run in the third and Bobby Knoop stroked a two-run single in the fourth as the Angels ran up a 6-0 lead.

Baltimore smashed 13 hits, including a two-run homer by Boog Powell, but needed a strong relief job by Eddie Watt before downing the Yankees.

The Yanks trailed 6-1 after seven innings but Roy White hit a two-run homer in the eighth and ninth-inning singles by Jack Gibbs and Bobby Cox knocked out Dave Leonhard. Watt fanned pinch hitter Bill Robinson and, after Horace Clarke singled home a run, also struck out Mickey Mantle and White. The Orioles trail Detroit by only six games in the all-important loss column.

Cleveland's Luis Tiant, who had shut out Minnesota twice previously, lasted only six innings and settled for a 6-3 triumph with relief help from Stan Williams. It was Tiant's sixth straight victory and gave him a 15-5 record.

The Indians ripped into Jim Merritt for three runs in the third on a two-run single by Joe Azcue and Jose Cardenal's sacrifice fly.

Ideas Buzz On Old Pro Golf Meet

CARNOUSTIE, Scotland (AP) — The oldtimers gathered around last week to watch Gary Player of South Africa win his second British Open Golf championship and the upshot of that was a move for a brand new kind of title play in golf.

It matters little who started the thought but it started to grow after Chandler Harper of Portsmouth, Va., won the world senior crown from Britain's Max Faulkner.

That was the end of a 14-year-old championship sponsored by Teacher's Whiskey which decided to drop it henceforth.

Then the talk grew of substituting a senior tournament of eight men a side, each a golf player who wrote his name in many record books. It would be rather like a Ryder cup battle for men over 50 or even 60.

Dai Rees, the bantam Welshman who has captained two British Ryder Cup teams, commented:

ENTHUSIASM

"I have already taken it up in some circles and it is being receied with considerable enthusiasm."

Said Henry Cotton, winner of the 1937 open at Carnoustie and one of the alltime greats:

"I'd like to play in it. But I would hope to be matched with somebody around my own age in the sixties, not against somebody pretty bumptious in his early fifties."

Said Byron Nelson, the 56-year-old Houston, Tex. champion of yesteryear:

"It's a very good idea but we would need to have the very best of the seniors. It could be built up but the question is: Who would pick them? And would they play? Would Hogan or myself, for instance, want to play?"

PEOPLE WANT IT

Nelson neglected to say that in spite of a bad back he wandered around the Old Course at St. Andrews last week in a 71.

Fred Corcoran, PGA consultant, manager of Sam Snead, Ted Williams, Babe Didricksen and Florence Chadwick, said such a return to yesteryear is what people want. While Rees is searching for a sponsor in Britain, Corcoran said he was hunting for one in America.

The tournament would be played like the Ryder Cup, foursomes and singles.

"You watch it," said Corcoran. "Every time the champions are out there, there are also lots of people looking at the old timers."

The operative question, of course, is if anybody wants to spend the kind of money such an emotional return to the past would be worth.

It wasn't the oldtimers who got the gate in at Carnoustie last week when Player shot his 289, one over par, for a signal triumph. It was Jack Nicklaus and Bob Charles at 291 and Bill Casper at 292 and other comparative youngsters who dredge the golf world for gold nuggets.

TWO KILLED

A Deadly Stock Car Race

MARNE, Mich. (UPI)—Duane Wilson's modified stock car was doing 100 miles per hour when it climbed a cement wall at the Berlin Raceway and sailed into a grandstand. Two persons were killed and 26 injured.

"The back wheels just sorta came loose," he told police.

Six of the 26 injured were in critical condition today. Wilson, 18, suffered minor injuries and was treated and released from a hospital.

The youth had just entered the fourth turn of the final lap of the race in this western Michigan community Saturday night when his front wheels jumped onto the rear of another car.

The car, going 100 miles an hour, then wrenched free and Wilson's right front wheel spun onto the four-foot high cement wall surrounding the track, police said.

"He traveled about 31 feet like that, then the whole car was on the top of the wall and sped for some 90 feet into the first five rows of the grandstand seats," said Sgt. Jack Rosema of the Ottawa county sheriff's department.

"It flew up into the grandstand and pieces of it were flying all over," said Trudy De Heer, a spectator at the track.

Two Grand Rapids brothers were in the stands when the car hurled toward them. Billie Brakefield, 17, was killed instantly when the impact threw him from the stands to the middle of the track. His brother, Albert, 15, was listed in critical condition.

James Mason, 35, Allegan, Mich., was the second victim.

U.S. Hopes For Points In Walking, Climbing

SAN FRANCISCO (UPI)—America's hopes of scoring points in the Olympic long distance walking events—one of this country's weakest in international track and field competition—is at an all-time high today.

Larry Young of the Southern California Striders provided U.S. Olympic officials with a ray of hope yesterday when he shattered his own American record in the AAU's 50-kilometer walk race in tree-lined Golden Gate Park.

Young was clocked in four hours, 12 minutes, 13 seconds to better four month old record of four hours, 21 minutes flat set in a Columbia, Mo., meet.

He finished six minutes, 15 seconds ahead of second place finisher Geotz Kolpfer of the Athens (Oakland, Calif.) Club who was timed in four hours, 18 minutes, 28 seconds while Young's teammate, Bob Bowman, finished third in four hours 21 minutes 29 seconds.

Forty-two entries started the race in 50-degree morning temperature and fog and later a warm sun but only 31 crossed the finish line. Ten dropped out and one participant was disqualified.

The six top U.S. finishers will be recommended for the U.S. Olympic trials which will be held at South Lake Tahoe, Calif., in September. That would include Dave Romansky of Philadelphia AC, who finished fourth, Carl Kitchen, Springfield College, sixth, and John Kelly, Santa Monica AC, seventh. Shadul Ladany of Israel took fifth place.

A Good-Bad Weekend For Merchants

After sweeping a double-header over the Petaluma Merchants Saturday, the Mill Valley Merchants suffered a defensive collapse yesterday in losing an 8-6 slugfest to the Oakland Tigers in semi-professional baseball action at Mill Valley's Project 17 Park.

Dave Perlis pitched and batted Mill Valley to a 3-1 victory in Saturday's first game at Petaluma. He gave up five hits and aided his own cause with a double and single. Frank Dittle and Ron Gilliam also had two hits for the winners.

In the nightcap it was newcomer Dennis Shehan who went the distance on the mound for Mill Valley, also yielding only five hits in a 3-2 triumph. Ed Vigno with a triple and Phil Tobler with two singles were Mill Valley's leading hitters.

Yesterday the Merchants made six errors to snap their winning streak, although they outhit the Oaklanders, 11-5. Top Mill Valley hitters were Skip Schafer with a two-run homer, Terry Jarcik and Ron LaRuffa each with a double and single and Fred Daniele with three singles.

First Woman Torchbearer In Olympics

MEXICO CITY (AP) — For the first time in history of the modern Olympic Games, a woman will make the last dash through the stadium and light the Olimpic torch with a flame brought from Mount Olympus.

The Mexicans, hosts for the Summer Games of 1968, have chosen Norma Enriqueta Basilio Sotelo, a 20-year-old hurdler, as the Mexican athlete whose lighting of the torch will be most symbolic of the spirit of the Games.

A Mexican Olympic Organizing Committee spokesman said that Miss Basilio comes from the country's newest state, Baja California, and that she represents the virtues and qualities exhibited by Mexican women throughout history.

The Japanese, too, sought symbolism when they chose the last runner at the 1964 Summer Games in Tokyo. He was Yoshinoro Sakai, who was born in Horoshima the day an atomic bomb destroyed the city.

The Mexicans are adding other fillips to the torch ceremony. After a land voyage in the hands of runners through Greece, Italy and Spain, and a boat voyage with a brief stopover in the Bahamas, the Olympic flame will arrive in Vera Cruz harbor.

The Organizing Committee said that for the first time the flame will then be carried by a swimmer. On Sept. 29 the destroyer Durango will anchor 850 meters from the dock and a swimmer will carry the flame to a platform 50 meters to another platform.

A Troubled Muddle Over Hanley Regatta

HENLEY-ON-THAMES, England (AP) — The flood-swollen River Thames rushed by the empty enclosures of the Royal Henley Regatta today where a team of Virginia high school students stunned the rowing world this weekend. Observers wondered whether the traditional rowing event will ever be the same again.

As workmen dismantled the grandstands, the British press continued criticising the way the Regatta was run—with its lack of seeding and a change of dates that prevented European teams from competing.

Officials announced that next year the Regatta will be moved back to its usual first week in July. The date was altered this year because examinations made it impossible for some British schools to attend at the usual time.

SEEDING SPOTLIGHTED

The lack of seeding, which in the past has gone mainly unnoticed, was spotlighted this year when Cornell and Harvard univerities — the only U.S. entries in the Thames Cup — were pitted against each other in the first round.

Outwardly officials of both crews took the sudden-death affair philosophically. But it was plain that there will be plenty of thought on the subject when they get home.

"The trouble is that this isn't a competition, it's an occasion," said one Cornell man. "How long can American Universities go on spending money for an occasion?"

But Mike Gasch, coach of J.E.B. Stuart High School of Falls Church, Va., declared after winning in the Princess Elizabeth Cup for schoolboy eights: "This is the happiest day of my life. We'd just love to come back and do it all again."

The boys from Stuart, who bought their own boat and have been rowing together for only about two years, overcame an unfavorable draw and crashed into the boom just after the finish line. They beat Bitain's Eton College in the most thrilling race of the whole week.

FLOOD CONDITIONS

Another criticism was the River Thames itself, with floodwaters making the current on one side faster than on the other. The Stuart team was the only finalist to win the wrong side.

The wrong side current this year made such a difference that London University, winning finalists in the Grand Challenge Cup, offered to give Oxford a one-length headstart because of the conditions. Oxford refused, and lost.

Normally in an Olympic year Henley is used as the main guide by British selectors to choose Olympic competitors. This year the British are ignoring Henley form are are going to rely instead on results in Amsterdam later this month.

Astro Wilson Continues Year Of Pitcher With 18 Whiffs

By ASSOCIATED PRESS

It's the pitcher's year. They've been saying it all along. And now Don Wilson comes along and makes another big point for the case—matching a couple of strikeout records.

But the opposition has some dandy points, too—like Hank Aaron, Billy Williams and Richie Allen.

Wilson tied the modern major league records of 18 strikeouts in a nine-inning game and eight in a row yesterday as Houston whipped Cincinnati 6-1 in the nightcap of a doubleheader.

And now, for the opposition, we give you:

Aaron, who ended a week of frustration by belting his 500th homer—a three-run shot that carried Atlanta past San Francisco 4-2.

Williams, who unloaded a tie-breaking grand slam—the fourth of his career—to give Chicago a 6-2 conquest of Pittsburgh.

And Allen, who had a homer in each game and six RBIs as Philadelphia breezed past the New York Mets 5-3 and 9-2.

Rampaging St. Louis held on to its 9½ game lead by stopping Los Angeles 5-1, and the Astros took their opener with the Reds 5-4 in 10 innings in other National League activity.

Wilson, who pitched a no-hitter against Atlanta last summer, whistled a called third strike past Johnny Bench to end the game and equal the record set by Cleveland's Bob Feller exactly 30 years ago and matched by Los Angeles' Sandy Koufax in both 1959 and 1962.

"I had a good slider to go with my fast ball," said the 23-year-old right-hander, who picked up only his sixth victory in 17 decisions. "In fact, it was so hard it was like a curve at times."

Wilson said he was aiming for the record after the third inning, and when Bench "came to bat, I was saying to myself, 'Please don't rain.'"

Rain skirted the field all afternoon, and there was a downpour after the final out.

Don fanned the side in the first three innings, but issued a walk to Alex Johnson with one out in the first. The eight straight strikeouts tied the modern record set by Max Surkont of Milwaukee in 1953 and tied twice since.

The all-time record of nine was set in 1884 by Michael Welch of the New York National League club.

"I knew it was gone as soon as I hit it," said Aaron of the 400-foot blast over the left-center field fence that made him the eighth player in the majors to reach the 500 level.

"I'm glad I hit it off a guy like left-hander Mike McCormick, who won the Cy Young Award last year," cracked 34-year-old slugger. "It might be a little tainted if it came off some third or fourth-line pitcher."

CAROL MANN
Blah-less

No More Sad Blahs For Carol

COLUMBUS, Ohio (AP) — Carl Mann, the blonde giant among lady professional golfers, doesn't have that blah feeling anymore.

The 6-foot-3 swinger from Towson, Md., chalked up these first yesterday by winning the $28,000 Pabst Classic Golf Tournament.

Her final round seven-under par 65 was her lowest score ever in an eight-year professional career.

It was the first time she had come from behind to snare a tournament triumph.

It was the first time she had won five tourneys in one year.

Her latest victory, worth $4,200, put her out front in the number of LPGA tournament titles this year.

NO INSPIRATION

Her 71-70-65—206 was 10 under par for the 54 holes on the 6,635-yard Raymond Memorial course and three strokes better than defending champion Kathy Whitworth, who finished with a 67-71-71—209.

"I just couldn't get any inspiration those first two rounds," the 27-year-old Miss Mann said. "I just wasn't with it. I've been unhappy and talking to myself.

"But I didn't feel blah when I woke up today. I think my pairing (she played with Miss Whitworth and Mickey Wright) helped me more than anything else."

WRECKING JOB

The native of Buffalo, N.Y., practically wrecked the Raymond course with her record-equalling round that included seven birdies and 11 pars. Miss Wright had set the standard with her 65 Friday.

She started the day four strokes behind the co-leaders, Miss Wright, the game's all-time leading money-winner, and Sandra Spuzich of Indianapolis.

San Rafael Braves In Colorado Disaster

Litchfield's Braves were back home in San Rafael this morning following a disastrous trip to Grand Junction, Colo. where they lost three Western Baseball Association games and dropped out of first place over the weekend.

Following their 5-0 loss to the Grand Junction Eagles Friday night the Braves dropped two more Saturday night, 3-0 in the opener and 9-8 in the nightcap. The double-header games were seven-inning affairs.

The three losses dropped San Rafael's WBA won-lost record to 13-8, a game and a half behind Eureka's 16-8 mark. Bellingham, Wash. is tied with San Rafael at 13-8.

"This definitely is a three-team race now," said a weary Joe Anselmo, manager of the braves, following the flight home last night. "Eureka has to go back to Grand Junction and we have a big series at Bellingham at the end of the month. It will go right down to the wire."

San Rafael, the WBA defending champion, got great pitching from righthander Bill Clark in Saturday's opener but Grand Junction's Ted Remington kept the usually hard-hitting Braves in check.

Clark, who posted a 9-2 record for San Francisco State last spring, pitched a three-hitter and struck out 12, but all three Grand Junction hits coupled with three errors at shortstop by the usually sure-handed Tom Corder produced all three runs.

Clark struck out the first eight batters he faced until the disastrous third inning.

In Saturday's nightcap, a see-saw slugfest, Grand Junction scored the winning run in the last of the seventh inning.

"Several mental miscues beat us in this one," said Anselmo.

Dave Texdahl with a two-run triple, Ron Gasper with a two-run double and Herb Hofvendahl's game-tying seventh inning triple were San Rafael's big guns.

Yesterday afternoon the interstate rivals played a non-league game that wound up in a 5-5 tie. The game was called after eight so that the Braves could catch their plane.

Neil McNevin had a three-run homer and Paul Giambra a two-run triple to account for San Rafael's tallies.

The Braves host Yakima at San Rafael's Albert Field this weekend — a single game Saturday night and a double-header Sunday.

Saturday's linescores:

Truckers Take DiMaggio Loop Victory, 5-2

Returning from their 2-1 victory over Terra Linda last Thursday, Toby's Truckers nipped Indian Valley Lumber 5-2 in Marin County Joe DiMaggio League play yesterday.

Rick Thomas hurled Toby's Truckers to their win, allowing only four hits while Bill Yetter and Mike Parnow led scoring with two runs apiece.

It was Mill Valley over Maggi's Florist 1-0 after 10 innings of play. The game was a pitchers duel with Mill Valley's Don Mackin hurling a 14-strikeout game and Maggi's Stan Liliquist striking out 10.

The only run came when Bill Rudolph batted in Bob Nelson in the 10th inning.

Herb's Pool Service destroyed the Presidio Toro's, 14-2.

It's Wine And Travel For Reagan

SACRAMENTO (AP) — Gov. Ronald Reagan is scheduled to do everything this week from crowning a wine queen to swearing in a platoon of women Marines that will be called the "Governor's Platoon."

Crowning of the state wine queen will occur Wednesday, while the Marines are on tap for Thursday.

Today was scheduled as a normal work day. Tomorrow will find the governor holding his weekly news conference at 1:30 p.m.

On Friday, Reagan leaves for Amarillo, Tex., and a Republican party speech. He goes on to similar appearances in Little Rock, Ark., and Charlottesville, Va., on Saturday.

Sunday, he is to appear in Baltimore, Md., and then fly to Cincinnati, Ohio, for the start of the National Governors' Conference.

Governor Pledges A Better Break, More Employment For Minorities

SACRAMENTO (AP) — Gov. Ronald Reagan has told California's white majority that their Negro and Mexican-American neighbors have legitimate complaints and must be guaranteed "an equal place at the starting line" in life.

That guarantee, he said, must be accompanied by law and order on the part of all citizens and refusal by government and politicans to promise things they can't deliver.

The governor's comments were carried statewide yesterday by radio and television, the latest half-hour installment of a "Report to the People" series Reagan has offered from time to time after taking office.

His comments came as the Legislature returned for a week that would require herculean efforts if the lawmakers are to adjourn by the Friday target date. Still before them are hundreds of bills, and decisions on such things as the governor's big property tax relief bill, proposals to cut the sales tax, gun control legislation and special aid for students in poor big city schools.

The governor spent his time yesterday outlined his personal philosophy on race relations and the steps his administration is taking to provide jobs for the unemployed and a better break for minority groups.

Reagan said he has "great faith in all the citizens of California and in their ability and desire to live together in harmony." But, he added, "Many of our minority citizens have legitimate grievances."

"It is imperative — and it is morally right — that we attend to these grievances, that we correct whatever injustices may exist; that we remove unnatural barriers, and that we guarantee equal rights to all of our citizens regardless of color or creed," he said.

The administration will work with business, labor and other government agencies "to see that every citizen has the opportunity to become whatever his manhood and his vision can combine to make him," Reagan declared.

He stressed again that he will not make promises he can't keep. "Billions have been expended in a multiplicity of programs, but somehow there has been misdirection, and a great deal of social tinkering. Hopes have been raised by glowing promises and as the promises failed of fulfillment, frustration resulted."

The governor reported that in his recent tour of minority group neighborhoods around the state:

"I did not hear any requests for more welfare, but I did hear about the need for jobs—self respect-building jobs in our productive economy. I did not hear anything about bussing school children, but I did hear requests for better education and discipline in the schools their children are now attending."

While the effort to solve these problems is under way, Reagan said, he is determined to preserve law and order. "Mobs do not generate progress; they retard it," he remarked.

Trials Ordered For 100 Greeks

SALONIKA, Greece (AP) — The military government today ordered 100 persons brought to trial on Sept. 9 on charges of resisting authority during the farmers' riots two years ago outside this chief city of northern Greece.

Urged on by leftist agitators, the farmers tried to march on Salonika to protest government agricultural policies and clashed with police who barred their way. More than 150 persons were injured, including 60 policemen.

Most of those ordered to trial were arrested after the military coup April 21, 1967. They have been held on two Aegean islands along with several thousand political prisoners.

Legislators Still Face Staggering Work Load

SACRAMENTO (AP) Hundreds of bills and several major decisions still facing legislators make it unlikely that the legislature will adjourn its general session this week.

The lawmakers had hoped to wrap up the meeting on July 19, and this is still possible if they wish to make the effort.

It is certain the session will have been adjourned, at least temporarily, by Aug. 5 when the Republican National Convention begins in Miami Bach, since many legislators are delegates.

Likewise, the Democrats are looking forward to their presidential nominating convention in Chicago the last week of August.

Complicating the procedure is the law that legislators must return for a veto override session starting exactly 30 days after the main session ends. Speculation in the Capital also is that a special session to deal with various unsolved problems could well come in September.

Sanitary District Budget Is $139,000

The Sausalito-Marin City Sanitary District board Saturday approved a 1968-69 budget of $139,900, according to Edwin S. Long, board secretary.

Long said there would be no change in the longstanding tax rate of $.16 per $100 assessed valuation. Last year's budget totaled $135,870.

Creek Project To Be Studied

Plans for a combination of development and conservation on a 97-acre site at the mouth of Corte Madera Creek will be considered again by the San Francisco Bay Conservation and Development Commission Friday.

The meeting will start at 10 a.m. at Richmond City Hall, but the exact time hasn't been set for hearing the application by Frank M. Burke for marshland, south of Corte Madera Creek and east of Highway 101, Corte Madera.

Burke has proposed that 57 acres be developed for light industry and a marina and 40 acres be retained as marshland. The commission discussed the proposal Thursday and continued it until Friday.

Lane In Tiburon Gets New Name In Ship's Honor

What's in a lane name?

Travelgo Lane on the outskirts of Tiburon proved as transient as it sounds. The small street has been renamed Teaberry Lane, thus perpetuating the title of the USS Teaberry, a net tender formerly based at the U.S. Naval Net Depot in Tiburon.

Teaberry Lane, located above the depot on Paradise Drive, received a christening present after the name change. The Tiburon Fire Protection District board allocated $20 for purchase of a street sign.

Tiburon firemen had found Travelgo hard to understand in responding to fire calls and approved the name change.

Wallace N. Howie, having completed his year-long probationary period with the Tiburon fire department, was given regular status by the board which met Thursday night. Howie's salary was increased from $644 to $676 per month.

Driver Fined $100

Jack Turner, 65, of 865 Grant Avenue, Novato, was fined $100 in Marin Municipal Court Friday for drunken driving. Novato police arrested him May 27 on Highway 101.

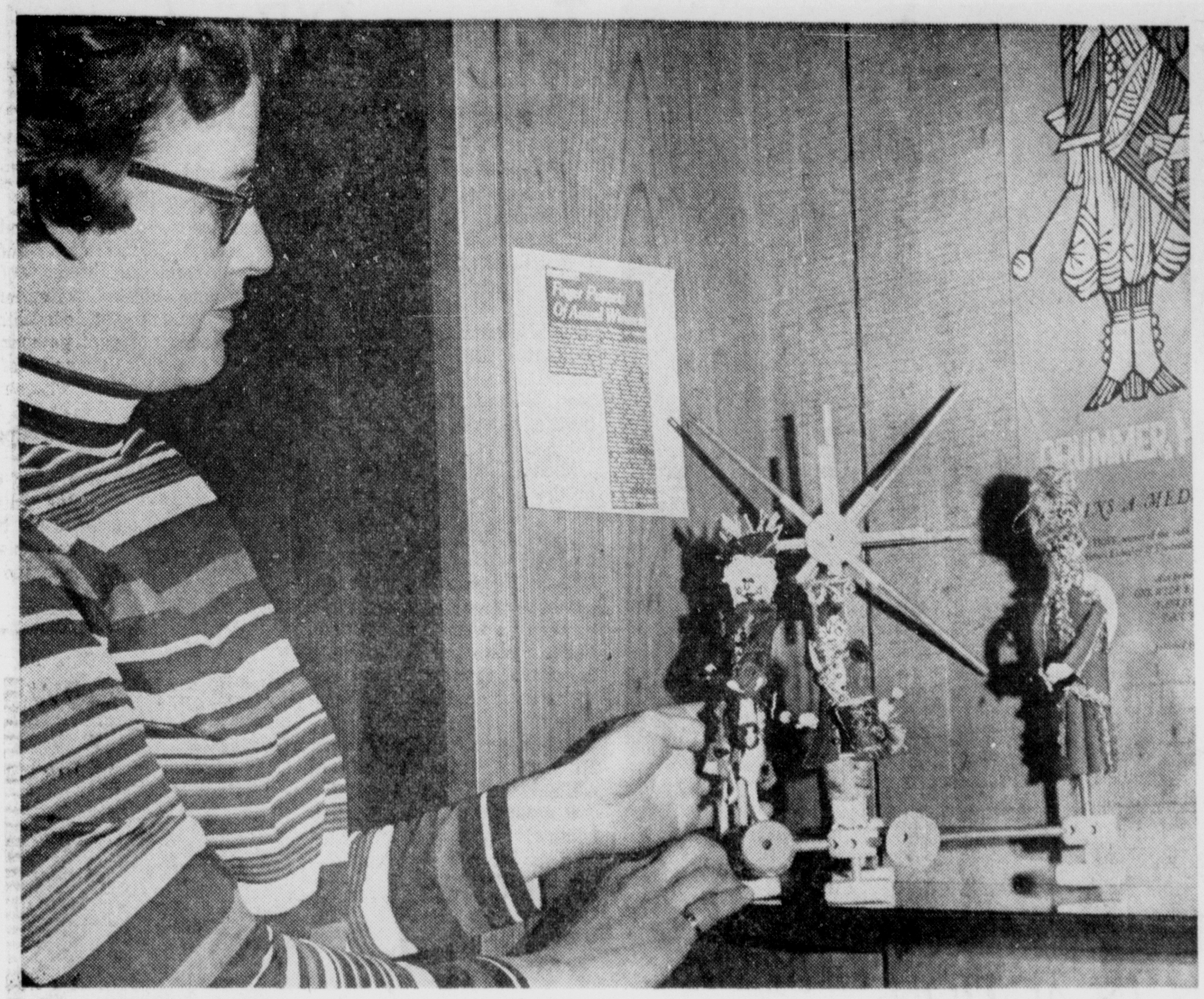
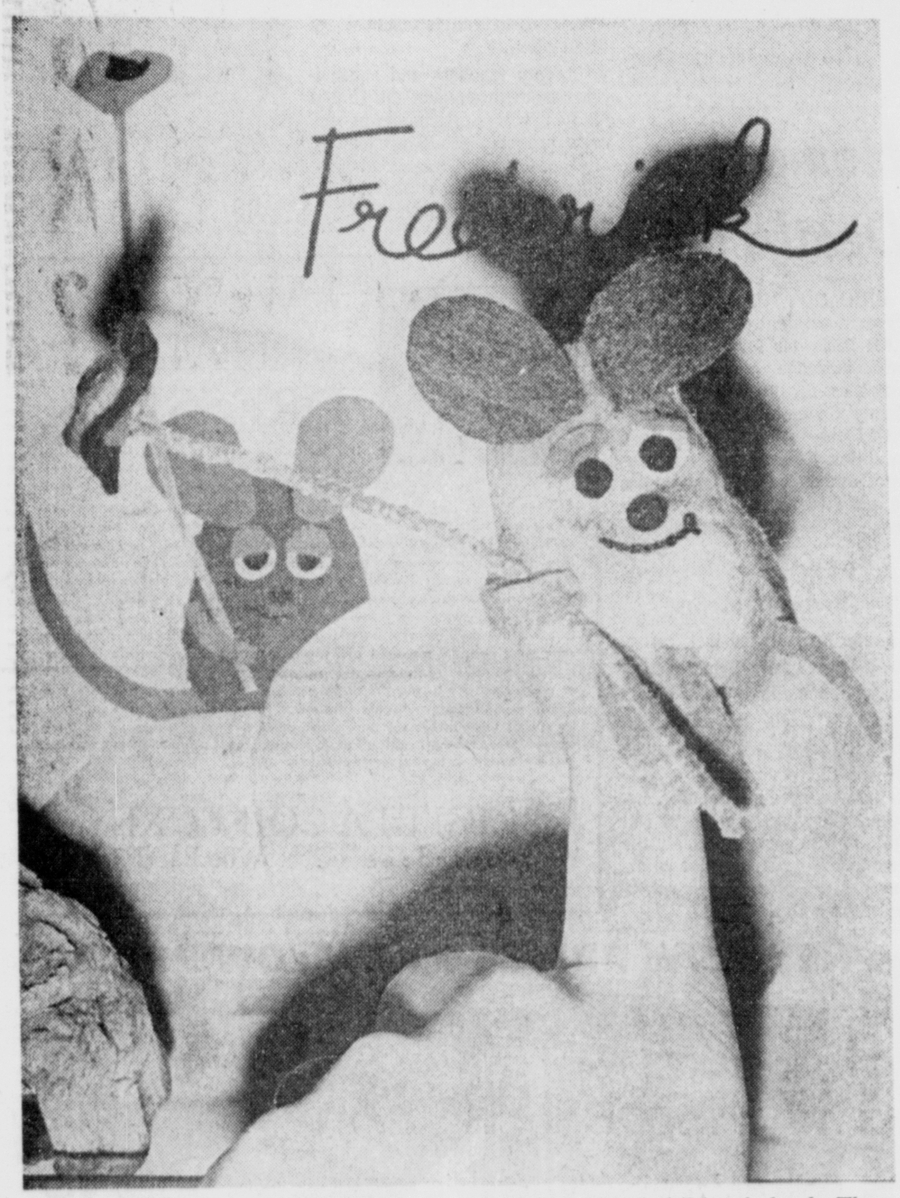
"Where Knowledge from the Past helps Build for the Future"



MRS. PHILIP MEYER of Mill Valley finds her hobby of making finger puppets useful in creating a display for the Mill Valley Public Library illustrating characters in the 1968 Caldecott award-winning books. Here she is placing the puppets in the exhibit. They represent, from left, General Border, Drummer Hoff and Major Scott in the medal-winning book "Drummer Hoff."

MICHAEL MEYER holds one of the mice finger puppets as his mother, Mrs. Philip Meyer, puts finishing touches to the display illustrating "Frederick," one of the runners-up in the 1968 Caldecott awards to the artist of the most distinguished American picture book for children.



THIS CLOSEUP shows a finger puppet of Frederick, the hero of a book by that title which was a runner-up for the Caldecott medal award for best illustrated children's book. The other runner-up was "Seashore," for which Mrs. Meyer made a seashore collage instead of a finger puppet.

MRS. MEYER'S

Puppets Displayed At Mill Valley

By MAYBELLE SPECKMANN

You never know when a hobby may be useful in very unexpected ways.

This was the experience of Mrs. Philip Meyer of Mill Valley when her hobby of making finger puppets led to setting up a display for the Mill Valley public library.

Charmian Meyer, or Charm as she is known to friends, had been making the finger puppets for some time, together with other handcrafted things, when a friend, June Kronin, admired them and took some with her to the Mill Valley Public Library.

Librarian Dorothy Thomas and children's librarian Mrs. Gordon Farnsworth were so impressed with them that they asked Charmian to create a display in connection with the 1968 award-winning Caldecott Medal books.

The Caldecott medal, named in honor of the 19th century English illustrator Randolph J. Caldecott, is awarded annually by the children's service division of the American Library Association to the artist of the most distinguished American picture book for children.

The idea in encouraging artistically illustrated books is that children can learn to love books through beautiful pictures — pictures that tell a story — pictures that create a sensitivity to color, design and mood.

The books for which Charmian has made the puppets are the medal winner, "Drummer Hoff," adapted by Barbara Emberley and illustrated by her husband, Ed Emberley, and the two runners-up.

These are "Seashore," written and illustrated by Taro Yashima, and "Frederick," written and illustrated by Leo Leonni.

The display may be seen at the library through July 26.

CHARMIAN, WHO was graduated from the University of Oregon with a major in sociology, learned to make her handcrafted things without any training.

"I have evolved all my own techniques in eight years," she says, "and I think my things are getting better as the years go by. They are just for my own pleasure rather than a commercial venture. They were also a sort of economy measure in making things for our own home and for gifts.

"Even the finger puppets are really for my benefit, though I do use them to amuse the children by making up conversations as though the puppets are speaking."

Charmian and her husband, who is an underwriter with the state compensation insurance fund in San Francisco, have two children, Michael, 7, and Maryl, 2. They have lived in Mill Valley five years, having moved there when he was transferred from Sacramento.

FOR HER HOME Charmian likes to paint pictures, refurbish antiques and make sculpture out of driftwood. At Christmas time she is busy with making gifts and decorations, such as creches, Della Robbia wreathes and unusual tree ornaments.

Specialties that may occupy her at any time are creating fanciful yarn wigs for children just for fun and whole birthday party sets consisting of invitations, hats, favors and decorations.

HELEN HELP US!

By HELEN BOTTEL

Patience Is No Help To Husband Who Picks At His Loved Ones

DEAR HELEN:

My husband continually picks, from morning till night. It's "What are you doing about the refrigerator, sink, cabinets, cellar, meals?" In fact, everything in the house and family comes in for constant criticism.

He refuses to accept promotions at work. He's anything but a leader among men but, oh boy, can he shoot off at home.

When I get satiated with his guff and ask lightly to be excused, he says I'm crabby and not a good helpmate. I'm blamed for all that goes wrong in his life, and I've taken it because I didn't want to discourage him further. He's been discontented for as long as I can remember. With everything. So I just pull into my shell when the yapping gets too much.

What can I do? — PATIENT TURTLE

DEAR TURTLE:

You can quit taking it. Stop me if my IGAP went wrong, but I'd say your husband is a weak man who hates his weaknesses. So he sharpens his ego on the person who absorbs his picks and jabs.

Patience hasn't encouraged this male shrew to be a better man. Rather, your misdirected pampering may have helped ease him into failure. Come out of your shell, Turtle, and learn how to snap! — H.

DEAR HELEN:

You know, as I do, that when a person is angry, depressed, or just plain down, he or she looks for a release. It can be eating, drinking, smoking, picking at your family. I'm one of the eaters, and my figure proves it.

But I think I've found the answer. Why not, instead of doing destructive things: Write, as I'm doing now? It doesn't matter what you write, or to who — or maybe not to anyone. Just write.

I may never become an author or poet, but I might lose weight — unless I get too hungry and eat the paper, but there aren't many calories here. So I'm going to buy a great stock of it, and be prepared when I get bored again.

Now I've said it, back to work. — B.P.

DEAR B.:

Well, I've heard of the drinking man's diet (the wrong way). So now let's try "The Write Way to Weight Loss." Let me know how it turns out. — H.

DEAR HELEN:

Could you tell me if it's true that in some states, if you lie about your age, you aren't legally married? We were married when I was 15, but I put down 18 and nobody questioned it because I looked old enough. I didn't have my mother's permission, but she accepted our marriage after we got home.

We now have four children and ten happy years together, but I've often wondered, should we get married over again to make it legal? — WONDERING.

DEAR WON:

Not necessary. Had the marriage been challenged by you or your parents, an annulment might have been granted. It wasn't, so you're legal. —H.

Picnics

When you go on a picnic, does your car contain the necessities needed to make outdoor cooking fun? Your car should carry the following for safety and convenience: Maps, flashlight, first-aid kit, paper cups, screwdrivers (standard and Phillips), can opener (multi-purpose), whisk broom, scratch pad and pencil, facial tissues and a sponge (for quick wipe-ups). In the trunk, add to the standard equipment that comes with the car a length of rope, a small shovel and a blanket.

Home Gun Deaths Up

CHICAGO (UPI) — Home firearm-accident deaths reached 1,600 last year for a seven per cent increase over the 1,500 fatalities in 1966, the National Safety Council reports.

Of the 1967 home gun fatalities, the greatest increases were among persons aged 15 to 24 and five to 14—about 30 per cent and 25 per cent, respectively.

Covered Arms

Is the bare-armed look going, going—gone? New York designers, once heavily in favor of the sleeveless look for fall and winter, take a sharp turn toward the covered arm. This includes sleeves midpoint between elbow and shoulder. But most of the sleeves go all the way to the wrist. At that point, fancy cuffing and ruffles accentuate the sleeves.

Add a hem shape in decorative keeping and finished with the proper trimming, and the shades can cater to the mood dictated by English formality or Early American provincial.

The key to a child's life is in your hands.

The second you save by carelessly walking away from your unlocked car may cost a child his life. A stolen car has a 200 times greater chance of accident than other cars. Innocent people are killed or crippled. Last year, more than 100,000 stolen cars were involved in accidents. Many fatal to one or more people. Teen-age joyriders —who steal most of the cars— are often scared, always dangerous. They watch for cops, not children crossing the street. You can help.

Fields, who suffered an injured spinal cord, was taken to Marin General Hospital where he was reported in fair condition this morning.

Folk Dance Festival Ends In Color Swirl

Folk dancers, in peasant skirts and miniskirts, in bare feet and boots, from throughout Northern California were a swirl of color at the College of Marin quadrangle yesterday afternoon.

More than 200 gathered in sunlight and shade for the 24th annual folk dance festival presented by the Marin Dance Council.

Strains of Italian, Spanish, Russian and Hungarian music rang out from loudspeakers and dancers responded with grace and energy.

One couldn't tell the audience from the participants because they would reverse their roles from time to time, either joining in or sitting one out.

For those seeking a respite, there were folk dance records and folk dance books for sale and a bulletin board bulging with folk dance news.

The outdoor session was one of the features of the two-day festival which opened with a workshop at Park School in Mill Valley Saturday and closed last night with folk dancing and exhibition dancing at the College of Marin gymnasium.

At the afternoon performance there were exhibitions by The Ansambl Narodnih Igraca Sokoli, a Phillipine children's group, and the Rikudom Israeli folk dancers, all of San Francisco.

The festival theme was "Memories of Marin" and the masters of ceremonies were persons long active in folk dancing in Marin — Wilma Young, Jack Roberts, Bernice Schram, Joseph Angeli, Al Heinrich, Ann D'Alvy, Mickey McGowan, Scott Tilden and Nancy Linscott.

Exhibitions at the evening session were by the Ensemble International of Sunnyvale, Kopachka Dancers, Mill Valley and McTaggert Irish Dancers and Roy Scottish Country Dance Society, San Francisco.

Monsignor Will Quit Priesthood

LA JOLLA (AP) Msgr. John L. Storm, a former president of the Univeristy of San Diego, said yesterday he is leaving the priesthood and the Roman Catholic Church.

"One of the compelling reasons for my decision is that in spite of Vatican Council II, the Roman Council II, the Roman Catholic Church still moves in the direction of institutionalizing God," his statement said.

"We can't afford to 'lose God' in order to build a church. As it stands today, a priest experiences the church's top level decisions which evidence little concern for the individual with whom God would have priests and all mankind first concerned."

FREE READING DYNAMICS MINI-LESSON

Come to the Reading Dynamics Institute for just one hour. You should read faster when you leave.

Now you can personally "road test" Reading Dynamics — the astonishing educational breakthrough that enables people to read thousands of words a minute **without** skipping or skimming; **with** excellent comprehension, great enjoyment and remarkable recall.

Thanks to the Mini-Lesson, you have an unprecedented opportunity to get acquainted with the techniques that have made Reading Dynamics the definitive rapid reading system in the world.

Our Mini-Lesson is just what the name says — a miniature version of what a student learns during an Evelyn Wood Reading Dynamics course. The Mini-Lesson will give you insights into all the classroom procedures used to teach this world famous, "machine free," reading skill.

After you have taken a personal, self-scoring reading test to indicate your present reading speed, you'll discover that there's much, much more to Reading Dynamics than reading rapidly. Although the Evelyn Wood Reading Dynamics Institute has taught over 300,000 students to read 4 to 10 times faster, staggering speed achievements are just part of the rewards of reading dynamically.

For example, during your Mini-Lesson you'll learn how we enlarge your ability to retain and remember what you read for months — even years — after you've read it. You'll also find out about our special study techniques that have earned better grades for thousands of high school and college students. We'll demonstrate Reading Dynamics' exceptional flexibility and show you how it works for everything from light novels to the most detailed business and textbook reading. We expect that many people will be reading faster **after** they leave our demonstration than before they came in.

This week take a step in the right direction — like walking straight into a FREE Mini-Lesson at one of the Reading Dynamics Institutes listed below. Give yourself this marvelous gift of self-improvement now!

Patrol Car, Another Crash At Intersection

A San Rafael police officer, rushing to avert a possible accident, became involved in one himself yesterday.

A patrol car driven by Police Officer John Vernon Mandler, 24, collided with a car driven by Ted Erich Schneider, 21 of 4526 Meadowbrook Drive, Richmond, at Second Street and West Francisco Boulevard continuation road, at 12:30 a.m. the California Highway Patrol reported.

Mandler, eastbound on Second Street, reported that he saw a car coming westbound on the one-way street and set out with flashing red light and siren to intercept the driver.

Schneider, southbound and headed for the southbound ramp to Highway 101, had the green traffic light with him and proceeded into the intersection, highway patrol officers reported.

Mandler, who suffered a whiplash injury, was treated at Marin General Hospital and sent home. The accident in San Rafael jurisdiction was investigated by the highway patrol because it involved a San Rafael police officer.

Patrol officers said they were unable to determine which driver was "most at fault."

To Adopt Budget

Ross School District trustees are scheduled to adopt a publication budget at a meeting at 7:30 p.m. today at Ross School. Also scheduled are a discussion of warrant procedures and a report on summer maintenance.

Progress Seen In Pueblo Talks

SEOUL (AP) — A Seoul newspaper quoting unnamed diplomatic sources says negotiations between the United States and North Korea are believed making headway toward release of the 82 crewmen of the U.S. intelligence ship Pueblo.

The independent Chosun Llbo said, however, that the two sides clashed at the latest of their 19 meetings over the wording and timing of an official U.S. apology over the incident.

The Pueblo was seized Jan. 23 by the North Koreans, who claimed the ship was spying in North Korean waters.

ABAG Session

The executive committee of the Association of Bay Area Governments will meet at 7:30 p.m. July 24 at the Hotel Claremont in Berkeley. The agenda for the meeting, switched from an earlier announced date, is to be disclosed later.

Bike Riders On A Dedicated, Slightly Risky Journey

SIGN MUST COME DOWN — Blithely ignoring "Motor Vehicles Only" sign alongside Highway 101 are (left to right) Mrs. Raymond G. Gergus of Sausalito and Councilmen George C. Hoffman and Mrs. Robin Sweeney as they inspect the proposed Sausalito-Mill Valley bike trail. Hoffman said the state highway regulation will have to be changed and the sign removed.

By GLENN ANDERSON

Two Sausalito City Council members and a Sausalito woman, accompanied by an Independent-Journal reporter, were rosy cheeked and refreshed last week after huffing and puffing through an inspection tour of a proposed bike trail linking Sausalito and Mill Valley.

They showed little strain, but Councilman Robin Sweeney said, "I couldn't have made it if I hadn't given up cigarette smoking a few months ago."

The tour was made to determine if the proposed trail linking Sausalito with Tamalpais High School in Mill Valley is dangerous.

The conclusion was that the three-mile route, most of it along heavily traveled roads, is perilous in places but can be made safe.

The trip, made on a warm but windy afternoon on mostly level streets, was relatively comfortable — except for cars and trucks that occasionally whizzed within a few feet of the cyclists.

The trail blazers on bikes were Mrs. Sweeney, Councilman George C. Hoffman, Mrs. Raymond G. Gergus of 60 Woodward Avenue, who originated the idea for the journey, and this reporter.

The city council last week instructed the city staff to explore the feasibility of such a trail after Mrs. Gergus wrote a letter to the council urging that it be established.

The highlight of the journey came when Mrs. Gergus and Hoffman were toppled to the dusty roadside after their bicycles collided.

As both broke into laughter, Hoffman told Independent-Journal photographer Bob Hax, "Don't take a picture of this." He did.

Mrs. Gergus contended that the trail is needed so that students and other youngsters can ride from Sausalito to the high school for classes during the school year and for recreation activities after school and in the summer.

She said round trip bus fare is 60 cents for youngsters under 12 and one dollar for those older. Other choices open to young people, she said, are either riding in a car or violating the law by hitchhiking.

Mrs. Sweeney afterwards said she had seen "a lot of perilous places" in the course of the hour-long trip along Bridgeway, northbound Highway 101, Shoreline Highway and Almonte Boulevard. "A sixth to a quarter of it is terrible," she said.

Hoffman said he thought the difficulties posed by sometimes narrow and sharply sloping shoulders could be overcome.

He said a two-lane bridge on Shoreline Highway a short distance from Tennessee Valley Road, a bridge he termed the "worst obstacle" on the route, should be widened.

And he said the portion of Shoreline Highway from the Fireside Motel west to the bridge needs additional paving to make the shoulder more nearly level. He suggested paving companies might want to donate equipment for the job.

Hoffman said he favors both the bike trail to the high school and the trail from San Francisco to Tiburon proposed by George T. Draper of Tiburon, but feels that the trail to the high school is more immediately needed. Draper recently accomplished part of his goal when the Golden Gate Bridge was opened to bicyclists.

Church Dilemma Topics Range Over War, Violence, Black Power

By JOANNE GRANT

All of the great doctrines of Christianity—backed by the "responsible use" of force, if necessary— are "the red-hot divine answers to deep radical questions," an Episcopal churchman commented Saturday during a day of discussions at Christ Church in Sausalito.

Rev. Albert T. Mollegen — a man as amenable to militancy as to the power of love — cited the Bible story of creation: "What's it all for today?" he asked, and answered that it is the base of the basic questions: "Why is anything, especially, why am I?"

From his point of view as professor of New Testament language, literature, apologetics and Christian ethics at the Episcopal Theological Seminary in Alexandria, Va., the ultimate answer is love of God.

Reverend Mollegen and 15 clergymen and lay people from Marin and the Bay Area used that theory as a stepping stone to discussions of Vietnam, Black Power, maturity, communication, violence and other topics during the Saturday session, "The Dilemma of the Christian in Today's Society."

One participant asked Mollegen what he would say to a person who knew nothing at all about Christianity but wondered, "What's this Jesus thing all about?"

Mollegen commented on involvement with Jesus as a step toward achieving the highest degree of fulfillment in order to become a mature human being and cited Biblical instances where he said Jesus displayed maturity.

He added, "Jesus is God's champion of the open and the free."

What, then, should be the goal of this man? Another participant wanted to know.

He would work in the world for the Christianization of culture, politics, etc., Mollegen said.

"Then the ultimate goal is total Christianity?" the questioner pressed.

"I'm not saying you should be a Christian to save western civilization," Mollegen replied tartly.

He pointed out that western civilization is basically a Christian culture anyway, though "we're in a post-Christian period."

He noted Christianity accepts pluralism, encourages free decisions. Today's tensions can be used creatively to foster growth of new ideas, he maintained.

For example, "there seems to be a great validity in part of the Black Power philosophy" although he said the movement is "naively Marxist."

He said the movement has given its followers faith and pride in themselves and made them strong. On the other hand, he said financial support for them is coming from Communist countries.

Mollegen said he doesn't think the Communist countries believe a black revolution would be a success now, but they do see the value of disrupting the U.S. "The Black Power people are being used," he said.

"How does the white church relate to this revolution?" a clergyman wondered.

"I think we and the overwhelming majority of Negroes will continue the path to integration," Mollegen said, but admitted there could be a massacre before it is accomplished.

"And this is a Christian culture? No wonder the teenagers are confused," a woman participant said.

"The responsible use of coercive power is a Christian mandate," Mollegen said and the discussion turned to Vietnam.

"What is the Christian reason for being in Vietnam?" a woman wondered.

"I wouldn't claim a Christian reason," Mollegen replied.

One man, who said he had draft-age sons, queried, "What do you say to a young man who says the Vietnam war is immoral?"

"All wars are immoral. The question is not is it moral but what is the lesser of two evils," Mollegen said.

He noted that even if the U.S. being in Vietnam is a mistake, "you can't rectify it by just walking out."

A young man commented that in 1963, the Communists were killing 30,000 to 40,000 civilians a year. Today there are 200,000 to 300,000 being killed by both sides. "If that's the lesser of two evils, it's insane," he said.

Mollegen said, "I'm not pleading any special point of view — but for a dimension in which to function" and cited more Bible stories.

"Christianity may or may not be correct," he said, "but it is not simple-minded."

Mollegen also spoke yesterday morning at Christ Church.

Recreation Activities Announced

Special activities for persons 50 and over and seventh and eighth graders have been scheduled by the San Rafael Parks and Recreation Department for the next two weeks.

Members of the San Rafael Goldenaires, a club for Marin residents 50 and over, will view slides shown by John Bissinger of San Rafael in the club's armchair traveler program for July at 1 p.m. tomorrow at the Community Recreation Center, Second and Brooks streets.

A July 24 charted bus trip by club members to the Sonoma County Fair will include admission to the fairgrounds and dinner. The bus will leave the Community Recreation Center at 9 a.m. and return at 8 p.m. Anyone 50 or over may attend both events.

A San Jose trip — for seventh and eighth graders belonging to the Triads, in a chartered bus leaving the center at 12:15 p.m. Friday and returning at 10 p.m. — will include a tour of the Winchester Mystery House, admission to Alum Rock Park and its swimming pool, and a box dinner. Parents' permission slips must be turned in at the center by 5 p.m. tomorrow.

Further information may be obtained at the Community Recreation Center.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Meniere's Syndrome Is Cause Of Whirling Dizziness Attacks

VAN DELLEN

Meniere's syndrome involves the ear. It leads to attacks of whirling dizziness, head noises, and a perceptive hearing loss. The basic cause is a dropsical disturbance of the labyrinth—the organ of balance in the inner ear. Attacks tend to come and go and initially may be months apart, but without treatment get closer together.

Each bout of vertigo lasts hours, not days or weeks. Continuous dizziness is not characteristic of Meniere's. Complete relief occurs between attacks. Hearing loss usually involves low tones and tends to change abruptly. Many sufferers also have a sense of fullness or pressure in the involved ear, especially when hearing is impaired.

A WATERLOGGED labyrinth is best treated with diuretics and a low salt diet. In other words, it responds to the same regimen as swelling of the ankles and legs. Modern diuretics, via the oral route, are used most frequently. But the oldie, ammonium chloride, still is favored by some physicians. When used properly, it may give immediate good results.

Vasodilating drugs also help to control the symptoms of Meniere's syndrome. They improve circulation to the ear and remove the congestion in the labyrinth. Betahistine (Serc), one of the latest, is said to reduce dizziness. Histamine was used in the past, but had to be injected. Betahistine is the result of a search for an oral agent having histamine-like effects.

RELIEF MAY also follow the use of antihistamines including motion sickness remedies such as Benadryl and Dramamine. Now and then the symptoms are so persistent that it is necessary to destroy the labyrinth surgically or via ultrasonic rays.

Streptomycin, used in treating tuberculosis, also leads to a degeneration of the labyrinth. But this antibiotic destroys both sides — a tragedy if only one is involved.

SCOTCH OR WINE?

M. K. writes: My doctor told me to drink a little Scotch before meals because of my heart trouble. I am 72 and have hardening of the arteries. But since Scotch is expensive, is it all right for me to take a little white wine?

REPLY

Yes, alcohol is alcohol.

Today's Health Hint — An afternoon spent fishing is therapeutic.

Rep. Joe Pool, 57, Dies Of Heart Attack

HOUSTON, Tex. (AP) — Rep. Joe Pool, D-Tex., an outspoken critic of Vietnam war protesters and resistance to the draft, collapsed and died at the Houston Airport yesterday after being stricken with an apparent heart attack. He was 57.

REP. JOE POOL
Against war protestors

Pool was a member of the House Committee on Un-American Activities and had advocated 20-year jail terms for those who blocked troop trains or sent blood and supplies to the Viet Cong.

The Dallas congressman was pronounced dead shortly after 6 p.m. yesterday at Southeast Memorial Baptist Hospital in Houston.

"From all appearances, the man died of a heart attack," said a spokesman at the Harris County medical examiner's office.

Pool, a strong supporter of President Johnson's Vietnam policies, had often said he would vote for a declaration of war against North Vietnam.

He was first elected to Congress in 1962. Previously he had served three terms in the Texas legislature.

Pool flew to Houston from Los Angeles, where he had inspected new postal facilities. He also was a member of the House Post Office and Civil Service Committee.

He had come to Houston to tour postal facilities and was to have returned to Washington today.

The 5-foot-6, 225-pound Texan had entered Bethesda Naval Hospital in 1967 for his weight

A reckless driving charge in July 1967 led to his arrest and detainment for five hours in Arlington, Va. He subsequently paid a $100 fine.

That summer he settled out of court with a home owner in Ravenwood, Va., who sued Pool for damaging his home, which he had rented to the congressman.

Pool served with Army Air Corps intelligence in World War II.

Survivors include his widow, the former Elizabeth Chambless, and four sons, Richard, Wesley, John and Joe Jr.

Major South China Flood Is Reported

TOKYO (AP) — Radio Peking today reported a major flood disaster in the South China province of Kiangsi and said the flood at the Changkang commune in the province was the worst there in 100 years.

The Peking broadcast did not give any details or say anything about casualties. But it was the first official report from Peking of the disastrous floods which local Chinese radio stations have reported in eight eastern and southern provinces.

1,400 Weapons From Gun Call

SAN FRANCISCO (UPI)—Mayor Joseph Alioto's "no questions asked" gun collection ended yesterday with more than 1,400 weapons surrendered to police.

Residents turned in 144 guns on the final day of the month-long amnesty period declared by the mayor following the assassination of Sen. Robert F. Kennedy.

The weapons will be melted down and the iron used to build a monument to President John F. Kennedy, Martin Luther King Jr. and Senator Kennedy —all assassins' victims.

World Church Bomb Appeal Is Prepared

UPPSALA, Sweden (AP)—A resolution to be submitted this week to the fourth assembly of the World Council of Churches appeals to the United States for an unconditional halt in all bombing in both North and South Vietnam.

A drafting committee of the assembly section studying "peace and justice in world affairs" is working to synthesize five different drafts submitted to it. All called for a total halt in the U.S. bombing.

The final resolution is expected to welcome the Paris peace talks and urge that risks should be taken without waiting for guarantees to ensure the talks succeed.

The section has already approved a recommendation that official church support should be given to young men seeking to avoid service in such wars as Vietnam that offend their consciences.

In another report the World Council's Youth Department said it is the task of the churches to find alternatives to war service and to stand for humane treatment of conscientious objectors.

Calling for reappraisal and reorientation of the churches' work with youth, the report said: "Harm will be done if the churches judge a younger generation without, at the same time, blaming the adults for creating the environment in which the young people live."

Schools Protestor Appointed In New York

NEW YORK (AP) — A Negro minister arrested nine times in protests against city school policies has been appointed to the Board of Education by Mayor John V. Lindsay.

The Rev. Milton A. Galamison, pastor of a Presbyterian church in Brooklyn, was among five men named to the board to raise its membership to 13 in accordance with a school decentralization plan passed by the final session of the 1968 legislature.

Galamison said the city's 1.1 million-pupil school system was in "very bad, almost indescribable shape" with most of the Negroes one to three years behind their grade levels.

The system is "hopelessly bogged down in red tape, rigidity and bureaucracy," Galamison said, adding, "If I cannot make this go, I intend to resign."

The other new appointees to the nonsalaried posts include the board's first Puerto Rican member and a Negro letter carrier who is vice president of the United Parents Associations. The new appointments brought to three the number of Negroes on the board.

In 1964, Galamison directed two massive boycotts of city schools and lead other protests against alleged de facto segregation. Today he is appealing these convictions—one carrying a 30-day jail term—that stem from those activities.

In 1966, Galamison and 11 of his followers were arrested for occupying a Board of Education hearing room when they tried to set up a "rump" board with Galamison as president.

Last May he organized a one-day school boycott for greater community control of schools in Negro sections of Brooklym.

Court Upholds Marin Sentencing

The Marin Superior Court sentencing of Fred Richard (Dickie) Jones to State Prison Aug. 30 has been upheld by the District Court of Appeals in San Francisco.

Jones sought a reversal of Judge Samuel W. Gardiner's decision to revoke his probation for auto theift and felony assault on a police officer. The judge made the revocation, then sent Jones, 20, of Marin City, to prison to serve one to five years for the theft and one to 10 years for the assault.

The appellate court's memorandum noted that despite the appeal, Jones had agreed in court that Judge Gardiner had been lenient.

TOGETHERNESS—One of Marin's newest American citizens, David Henderson, 6, poses beside his baby brother Eric, 20 months, for a snapshot taken by his father a year ago. The two were adopted by Mr. and Mrs. James E. Henderson of 17 Felipe Way, Novato. The couple has three grown children of their own.

30 From Marin Become U.S. Citizens

A 6-year-old Canadian-born Novato boy, who "wanted to be what his daddy and mommy are," is one of Marin County's newest American citizens.

David Michael Henderson, adopted son of Mr. and Mrs. James E. Henderson of 17 Felipe Way, Novato, climbed up on a chair and thrust his right hand higher than anyone else at the ceremonies last month, according to his parents.

He was among 30 Marinites naturalized during the month of June at the U.S. District Court in San Francisco.

David was the first of two boys adopted by the Hendersons, who also have three grown children who are married and have children of their own.

"David is older than some of his uncles," Mrs. Henderson said. "He's a real rip-snorter — all boy."

The boy came to live with the Hendersons when he was 15 months old. At the time, the family was living in Toronto.

"When we first went to fill out his citizenship papers, David was upset because they wouldn't take him right away," Mrs. Henderson said. "He almost gave up hope."

David, who starts second grade at San Ramon School this fall, likes Sunday School and can't wait to be old enough to play little league baseball, his mother said.

He is in Fairhope, Ala., this week with his 17-year-old brother, Jim, visiting his sister, Mrs. William Ross, and his infant uncles.

Novato Area Improvers Eye A Federation

A loose federation of improvement clubs in the Novato area is being eyed as a means of increasing their influence.

The proposal was discussed at a meeting of the Black Point Improvement Club Friday night, according to Mrs. Anita Miller, corresponding secretary.

"We have the same problems," she said, "and we could help one another."

Envisioned, she said, is a loose combination of all improvement clubs in the Novato school, water and fire districts.

Mrs. Miller said officers of the Black Point and other Novato area improvement clubs had discussed the idea informally prior to Friday's meeting.

The Black Point Improvement Club also:

BYLAWS — Appointed a committee composed of Franklin Miller, chairman, and Paul Rosen and Ernest Schallinger to update the bylaws, now approximately 20 years old.

BUS SHELTER — Approved a proposal for a bus shelter on Harbor Drive. Mrs. C. David Stoner will head a committee to plan for construction of the shelter.

The moon is between its full stage and last quarter. The morning stars are Mercury and Saturn. The evening stars are Venus and Jupiter.

On this day in history:

In 1912 the United States, led by Jim Thorpe, won the Olympic Games.

In 1942 Americans in eastern cities were faced with the first serious meat shortage of World War II.

In 1945 Italy declared war on its former axis partner, Japan.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Decide Upon Defense, Either Lead Trumps Or Force Ruff

The best defense against a crossruff is to lead trumps. The best defense when you have trump length is to make declarer ruff in the hope of running him out of trumps. The trouble is that you can either lead trumps or you can make declarer ruff. You can't defend both ways at once.

LOW CLUB

West opens the king of clubs and continues with the three of clubs. East finesses with the ten of clubs, and South ruffs. Now South can throw a cold contract out of the window if he leads trumps.

West refuses the first round of trumps but takes the next and leads another club to make South ruff again Now South must use up all of his own trumps to draw those held by West. When West gets in with the queen of diamonds he takes the setting trick by leading his last club.

DIAMONDS BEST

South makes the contract by leaving the trumps alone. After ruffing the second club South takes the top diamonds and gives up a diamond.

Now West can either lead out the ace and another trump, or he can continue with another club. Either defense allows South to make the contract.

If West leads trumps, South draws the rest of the trumps and cashes his two good diamonds.

BEST OFFENSE

If West leads clubs, South ruffs and ruffs a good diamond with dummy's eight of hearts. Declarer cashes the ace of spades and ruffs a spade or a club in his hand to ruff his last diamond with dummy's nine of hearts. The defenders can get only the ace of trumps.

As today's hand shows, declarer should set up hs side suit before touching trumps. Then each of his long suits can support the other. If declarer leads the trumps first, a bad break in either of his suits may be fatal.

What do you say?

ANSWER: Bid one club.

You can raise if partner bids one heart, and you can bid 1 no trump over a response of one diamond or one spade. The hand is a dead minimum opening bid, but it is worth that bid.

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT, SATURDAY, AUGUST 3, OR IT CANNOT BE ACCEPTED

One out of two families will have someone in the hospital this year! It could be you – or some beloved member of your family tomorrow... next week... next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have tripled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do with your pay check stopped, but living expenses still going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Plan that

... Pays you $100.00 a week tax-free cash when you go to the hospital.

Now, Presidential's economy plan enables you to enjoy this protection. Mail the Enrollment Form. We will send you the actual policy to look over at home. No rush. No agent will call or phone you. Take 15 days to decide. Show the policy to a friend, a family adviser *first*. You lose nothing if you don't want the policy. But if you *do* want it, you're entitled to Presidential's special low rates described below. So *low*, you'll find you get protection at a price that's just a fraction of what you'd expect to pay.

Your cash benefits increase each year — at no extra cost to you!

Your cash benefits automatically rise year after year. You get peace of mind so you don't have to worry about rising costs. Your protection automatically increases $3.00 a week each year. The first year you get $100.00 a week. You get $103.00 a week in the second year. $106.00 a week in the third year. $109.00 a week in the fourth year. By the eleventh year, your policy will be worth a full *$130.00 a week* in benefit payments... at no increase in cost to you! This generous cash reserve protection will belong to you for as long as you keep the policy. You can see that your insurance will be worth much *more* than the present "face value" of the policy. Certainly, our increased payments to you will help keep pace with rising costs – and best of all...

...The increasing benefits come to you at no extra cost. You still pay the regular low Presidential premium!

What other Plan protects you like this today? What other Plan keeps protecting you against rising living costs in the years ahead without increasing your premiums? And that's not all. This special Presidential Extra Cash Plan (#HP 18L-1067)...

PAYS Up to $10,000.00 CASH for each accident or illness, starting the very first day in the hospital.

PAYS $100.00 A WEEK CASH – if you need a full-time registered nurse when you come home from the hospital – up to 50 weeks.

PAYS $1,000.00 EXTRA CASH for accidental death.

PAYS Up to $2,000.00 CASH for accidental loss of limbs or eyesight.

PAYS $100.00 A WEEK CASH for each pregnancy, when you go to the hospital, assuming both husband and wife have been enrolled in the Family Plan With Maternity.

PAYS Up to $5,000.00 when a child goes to the hospital for any accident or illness when you are enrolled in the Family Plan.

PAYS you cash benefits that increase each year... to a maximum of $130.00-A-WEEK... at no extra cost to you

NO age limit – no medical examination required

IF YOU ARE 65 OR OVER YOU WILL COLLECT IN ADDITION TO MEDICARE

Why are smart folks over 65 now hastening to protect themselves with the Presidential Extra Cash Plan in *addition* to what Medicare will do for them?

Even though Medicare is a great boon to folks over 65, it will not, of course, pay *all* the bills that quickly pile up as a result of illness or accident.

Regardless of your age, you still need additional health protection.

We have designed this plan as the *important addition* to what you receive from Medicare – or any other health insurance you may have. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be *big ones!* In addition to what you receive from Medicare, Presidential pays you $70.00 a week... EVEN FOR 100 WEEKS if necessary! *You can receive as much as $7,000.00 for each illness or injury when hospitalized!*

... Pays you $100.00 a week CASH for a registered nurse at home.

Yes, in addition to the $100.00 weekly checks we send you during your hospital stay, we pay you an extra $100.00 a week if the doctor says you need a full-time registered nurse to take care of you at home.

How comforting it is to know that – after your stay in the hospital, if you've been there three days or more, you can return home to recuperate and yet not be a burden to your loved ones. Yes, if your doctor says you need a registered nurse full time within 5 days after you come home, we'll send you checks for *$100.00 a week* – for as long as you need the nurse – even up to *50 weeks*. It's like having a reserve of $5,000.00 cash to draw on when you need it. These benefits *also increase* each year by $3.00 a week. Another exceptional feature you have with Presidential...

... Pays you $100.00 a week cash maternity benefits

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to buy all the things you need for the new baby? Now, if both husband and wife are insured in the wonderful *Family Plan With Maternity* for the entire period of the pregnancy, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days – *as long as necessary* – you get $100.00 a week for every day of your confinement, up to 100 weeks.

All these added cash benefits.

Yes, in addition to $100.00 a week for hospitalization or $100.00 a week maternity benefits and $100.00 a week for a registered nurse at home... you get all this:

Added cash benefits: $1,000.00 cash to your family if death occurs within 90 days from any accidental injury. Think of how handy the cash can be in time of loss. It can take care of burial expenses without burdening your loved ones.

Added cash benefit: Up to $2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for $1,000.00 or $2,000.00 will bring greater peace of mind during the period of adjustment.

Added cash benefit: Choose *either* Family Plan... and your children will be covered too! Presidential pays up to $5,000.00 any time your youngster goes to the hospital... for tonsils, appendicitis, or *any other* illness or injury! Yes, you will receive $50.00 cash, week after week – for as many as *100 weeks*, if necessary.

We pay your premiums when you are not able

As a special consideration to you – if you are hospitalized just 6 weeks or more, all premiums that come due while you are still in the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, Presidential will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL – *TO A MAXIMUM OF 100 WEEKS* per confinement! This means you pay no premiums, yet your full protection remains in force – *you collect up to $10,000.00 for each confinement!*

THIS LIMITED ENROLLMENT OFFER ENDS SOON
Amazing Low Rates – Money-Back Guarantee

You can now have your first month's protection at the special low rates listed below! But you must act *immediately*. Your request for this wonderful Income Protection Plan must be mailed on the convenient form below NOT LATER THAN MIDNIGHT of the date in the Enrollment Form.

This midnight expiration hour *cannot be extended*. If your enrollment form is mailed later, *it cannot be accepted*.

These are the ONLY exclusions!

Your Presidential policy covers every conceivable kind of sickness or accident except conditions caused by war or any act of war; mental disorders; intoxicants and narcotics; pregnancy except as provided under the maternity benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your policy... during the first 2 years only.

This last item is a real help if you *already* have a health problem. If you are sick *before* you take out this policy, you will *still* be covered for that condition after the policy has been in effect for 2 years. Of course, meanwhile every *new* condition is *immediately* covered.

How can these bargain low rates buy so much?

You can buy ordinary insurance at any time and pay the regular rates, if you wish. But Presidential can now provide you and your entire family with $100.00 a week tax-free Income Protection at special low rates only because we enroll a large number of people at one time – *direct by mail!* This highly efficient "Mass Enrollment" method cuts costs to the bone – *and the savings are passed on to you!*

Make your decision carefully

Think how costly a hospital confinement will be. Imagine paying for those indispensable x-rays, doctor bills, medicines and drugs that are *not* covered by your present insurance.

Would you be able to afford the quiet and privacy of a private room and a private nurse, should you so desire? Or a telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows whose turn it will be next.

Why you must act before the deadline date shown in the enrollment form – just a few days from today

Why must you act before the deadline? Because, as mentioned above, we must receive *your* Enrollment Form *the same time as all the others* in order to pass on to you the savings that come from processing *many* policies *at one time*.

We mail you the policy as soon as we receive the Enrollment Form. When the policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then – *show it, if you wish, to someone you trust*. Perhaps your lawyer, accountant, or banker. Better still – *show it to your own insurance man... even though he may very well be working for another insurance company!* If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere – at any price!

Money back guarantee—in case you change your mind

Even after you mail your Enrollment Form below... even after you examine the policy in your own home and talk it over with anyone you wish... even after all this you are still free to return the policy within 15 days *and every penny you paid will be refunded at once*. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind–you'll be protected by $100.00-A-WEEK extra cash benefits just as if you had already said "yes." That's right, you will be fully covered all this time for any accident which puts you in the hospital, even if you finally decide to return the policy.

However, after you've seen the policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue this $100.00-A-WEEK extra cash protection under the Plan that's best for you.

PLAN I – INDIVIDUAL(S) ONLY PLAN:

If you want to cover yourself – or yourself and one or more adult dependents (including your spouse) – then this is the Plan for you. Each person must be 18 or over, and shall pay (per person) the rate applicable to his or her age.

THESE ARE YOUR LOW RATES
Enclose first month's premium according to age and plan selected.

Age at Enrollment	Monthly Premium
18-39	only $3.95
40-49	only $4.95
50-59	only $5.95
60-74	only $6.95
75 and over	only $8.95

SAVE EVEN MORE (up to 20%!) by paying at quarterly, half year or yearly rates, sent with policy.

PLAN II – FAMILY PLAN WITH MATERNITY

This plan is for the family that is still growing. To the total of the monthly premium for the adults to be insured, just add $5. This entitles you to all maternity benefits. It also covers all your unmarried, dependent children between the ages of 3 months and under 19 years who live at home. Future dependent children will be covered when they reach 3 months of age and without any additional charge.

PLAN III – FAMILY PLAN WITHOUT MATERNITY

This plan is for the family that is no longer growing. To the total of the monthly premium for the adults to be insured, just add $3. This covers all your unmarried, dependent children between the ages of 3 months and under 19 years who live at home.

NOTE: The regular Monthly Premium shown here (for your age at time of enrollment) is the same low premium you will continue to pay; **it will not automatically increase as you pass from one age bracket to the next.** Once you have enrolled, your rate can **never** be changed because of how much or how often you collect from us – or because of advanced age – but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state.

Act now—"later" may be too late!

TIME IS PRECIOUS! Act quickly! (No salesman will call.) Get your enrollment form into the mail *today* with your first month's premium according to the plan you choose. Remember, you must be completely satisfied or your money will be refunded. But you must act right now. Remember, once you suffer an accident or sickness, it's TOO LATE to buy protection at *any* cost. That's why we urge you to act today – *before* anything unexpected happens.

THESE 22 QUESTIONS AND ANSWERS

Tell you how Presidential's COST OF LIVING INCOME REPLACEMENT HEALTH AND ACCIDENT PLAN gives you the protection you need – at amazingly low cost!

1. **How much will my policy pay me when I go to the hospital?**
The full amount! You are paid $100.00-A-WEEK cash every single week. And it starts the very first day you are in the hospital. (If you are over 65, you are paid $70.00 a week, in addition to any Medicare benefits you receive.)
2. **Will I be paid if I am hospitalized for less than a full week?**
You certainly will... regardless of whether you are in the hospital for as short a time as one day... or as long a time as a week, month, year or more.
3. **Does this Plan pay me from the first day of hospitalization?**
Yes! You receive full cash benefits of $100.00 a week starting the very first day you enter the hospital. The coverage begins when we receive your first premium – that is the day you are covered for any accidents. Sickness coverage begins 30 days after the effective date of the policy.
4. **How much do I receive for a Registered Nurse at Home?**
$100.00-A-WEEK for up to $5,000.00 after you have been hospitalized for 3 days or more, and your doctor has you employ a full-time registered nurse within 5 days after you leave the hospital. Ten years from now it will have increased to $130.00 a week in benefits... at no extra cost to you!
5. **Are there any accidental death benefits?**
Yes. $1,000.00 cash is paid to your estate when death occurs any time within 90 days of an accident.
6. **Will I be paid extra if I lose a limb or eyesight?**
Yes. Presidential pays $1,000.00 for complete accidental loss of one hand or one foot or sight of one eye; $2,000.00 for loss of both hands or both feet or sight of both eyes... when dismemberment occurs anytime within 90 days of the accident.
7. **How much do we receive for pregnancies?**
If you have the Family Plan With Maternity, you receive $100.00-A-WEEK for each pregnancy, childbirth or miscarriage that results in hospital confinement when both husband and wife are enrolled under this plan for the entire period of pregnancy.
8. **Suppose I am paid benefits for any sickness or accident. What happens if I am again hospitalized for the same condition?**
Don't worry. You still collect $100.00-A-WEEK for a total of 100 weeks. And if you have already resumed full normal activities for just 90 days, it's considered a new confinement, and you can collect for an additional 100 weeks. Of course, any new condition is covered immediately for a full 100 weeks.
9. **How may I use these benefit payments?**
You may use them in any way you wish – for hospital and doctor bills, rent, food, household expenses, or anything else. This is entirely up to you.
10. **May I apply if I am over 65?**
Yes, you may. Folks any age are welcome to apply–there is no age limit! Members over 65 are paid $70.00 a week plus all Medicare benefits.
11. **Can I collect from Presidential even if I carry other insurance?**
Of course. This plan will pay you in addition to whatever you may receive from any other policies, including Medicare for folks over 65.
12. **Why do I need this Presidential Plan in addition to my other hospital and health insurance?**
While hospital costs have tripled in recent years, very few people have tripled their insurance. The chances are one in seven that you will need money to take care of all your other expenses, as well as your hospital bills. Your Presidential checks are rushed to you by air mail to use as you see fit.
13. **What benefits do my eligible, dependent children get?**
If you choose a Family Type Plan, your dependent eligible children, ages 3 months to under 19 years, would receive 50% of all the cash benefits of the Plan (excluding Waiver of Premium).
14. **May I add future dependent children to my policy after it is in force?**
Yes, indeed, if you have the FAMILY PLAN WITH MATERNITY. Just notify us when they are 3 months old and they will be covered without evidence of insurability and without any additional charge.
15. **Will my protection be cancelled because I have too many claims?**
No, definitely not! Presidential guarantees never to cancel your protection because you have too many claims or because of advanced age. We also guarantee never to refuse to renew your policy unless the premium is not paid before the end of the 31-day grace period, or unless renewal is declined on all policies of this type in your entire state. (Of course, if deception is used in making application, the policy may be ineffective.)
16. **Will my rates be raised as I grow older or if I have too many claims?**
No matter how many claims you have, or regardless of how long you keep your policy, your rate will remain the same as it was for your age when you applied. Presidential guarantees never to adjust this rate unless the rates are adjusted on all policies of this type in your entire state.
17. **What is not covered by this policy?**
The only conditions not covered are those caused by: mental disorders; intoxicants and narcotics; expenses resulting from any sickness or injury you had before the policy Effective Date (during the first 2 years only); act of war. EVERYTHING ELSE IS COVERED—including pregnancy when both husband and wife have been enrolled in the FAMILY PLAN WITH MATERNITY for the entire period of pregnancy.
18. **What are the requirements for membership in one of the Presidential Plans?**
You must not have been refused any health, hospital or life insurance; and, to qualify during this enrollment period, you must enroll before midnight of the date in the coupon.
19. **Why is this offer good for a limited time only?**
Because, by enrolling a large number of people at the same time, underwriting, processing and policy issuance costs can be kept at a minimum—and we can pass these savings on to you.
20. **Besides the savings, are there other advantages to joining Presidential during this enrollment period?**
Yes, there certainly are. A very important one is that you do not need to complete a regular application – just your brief form in the lower left hand corner of this page. Also, during this enrollment period there are no other requirements for eligibility – and no "waivers" or restrictive endorsements can be put on your policy!
21. **Can other members of my family take advantage of this special offer?**
Yes, as long as they can meet the few requirements listed under Question 18.
22. **How do I get the policy for examination with money-back guarantee?**
Just fill out your brief enrollment form and mail it with your first month's premium to The Presidential Life Insurance Company of America, 11401 Roosevelt Blvd., Philadelphia, Pa. 19154.
